## Earthquake Park Bike Ride

Depart downtown Anchorage to be transferred to Earthquake Park where you will venture 10-miles of the Tony Knowles Coastal Trail with your mountain bike. The Tony Knowles Coastal Trail lies on the banks of Cook Inlet where on Good Friday in March 1964, Anchorage and much of the rest of south central Alaska was hit with a violent earthquake, measuring 9.2 on the Richter scale. Earthquake Park was created years later in an area that was a housing subdivision before the quake. The park is designed to demonstrate the power of the earthquake and highlights the massive landslides that occurred along the Knik Arm shoreline. The park itself is very forested now, making it somewhat hard to see much of the landslide area. However, moose are abundant throughout this area of the Tony Knowles Coastal Trail. In 2006, 90% of the bike tours saw moose on the Coastal Trail during their ride. The moose (*Alces alces*) is the world's largest member of the deer family. The Alaska race (*Alces alces gigas*) is the largest of all the moose. Your tour guide will point out moose track, markings and scrapings throughout your trek. Upon conclusion of your tour you will be transferred back to your Anchorage hotel. (Above Earthquake Park information provided by [www.igougo.com](http://www.igougo.com) sullivan)

### Moose Facts

(<http://www.adfg.state.ak.us/pubs/notebook/biggame/moose.php>)

Moose are long-legged and heavy bodied with a drooping nose, a "bell" or dewlap under the chin, and a small tail. Their color ranges from golden brown to almost black, depending upon the season and the age of the animal. The hair of newborn calves is generally red-brown fading to a lighter rust color within a few weeks. Newborn calves weigh 28 to 35 pounds (13-16 kg) and within five months grow to over 300 pounds (136 kg). Males in prime condition weigh from 1,200 to 1,600 pounds (542-725 kg). Adult females weigh 800 to 1,300 pounds (364-591 kg). Only the bulls have antlers. The largest moose antlers in North America come from Alaska, the Yukon Territory, and the Northwest Territories of Canada. Trophy class bulls are found throughout Alaska, but the largest come from the western portion of the state. Moose occasionally produce trophy-size antlers when they are 6 or 7 years old, with the largest antlers grown at approximately 10 to 12 years of age. In the wild, moose rarely live more than 16 years.

## Denali National Park Day Tour

This is the only tour that will take you to see Denali National Park and North America's tallest mountain in one day. From Merrill Field, located in the downtown Anchorage area, you will board a 7 to 9 passenger Navajo twin engine, large windowed, aircraft to embark on a 40 to 50 minute scenic flight to Healy, Alaska. Each guest has a window seat on the flight. Once in Healy you will be transported via van with your lunch and bus ticket in hand and be transported to the Denali National Park entrance. From the Visitor's Center you will board the Denali National Park Service shuttle that will take you on the only road into Denali National Park for a 6-8 hour guided bus trip. While on your bus tour you learn that Mount McKinley National Park was established in 1917 to protect its large mammals, not because of majestic Mt. McKinley. In 1980, the boundary was expanded to include both the Denali caribou herds wintering and calving ground and the entire Mt. McKinley area. This more than tripled the size of the park, and was renamed Denali National Park and Preserve. It was also designated an International Biosphere Reserve significant for the potential for subarctic ecosystem research. Denali is an Athabaskan word meaning The High One. The mountain is officially named Mt. McKinley but is also referred to as Denali. Mt. McKinley is the highest peak in North America at 20,320 feet. It creates its own weather system and is often covered in clouds. Mt. McKinley is only visible about 1/3 of the time, so visitors to the park only have about a 30% chance of viewing Mt. McKinley. Denali is one of the greatest wildlife viewing areas in the world. Visitors have a chance of seeing grizzly bears, caribou, moose, Dall sheep, foxes, and wolves. Many smaller animals also inhabit the park such as arctic ground squirrels, hoary marmots, pikas, snowshoe hares, and beavers. For those interested in bird watching, there are a variety of birds that migrate to the park for the summer. The list includes arctic tern, American golden plover, long tailed jaeger, the surfbird, arctic warbler, the wheatear, willow ptarmigan, golden eagles, and ravens. Approximately 150 species live in and around the Denali area during the summer months. The shuttle bus system was established in 1972 after the completion of the George Parks Highway.

(Continued on Next Column)

## Denali National Park Day Tour (continued)

Having shuttle buses transport visitors into Denali National Park and Preserve (then Mt. McKinley National Park) helps to protect the natural resources. By using the park's shuttle system, visitors actively support the National Parks Service's mission of preserving and protecting park resources for future generations while providing a high quality experience to present day visitors. As added benefits to the shuttle bus system, visitors now can enjoy viewing the park without worrying about maneuvering a vehicle, and riding in a bus enhances the chances of spotting wildlife. Visitors are sitting higher than in a car and there are many pairs of eyes searching, which increases the chance of seeing wildlife. Upon completion of your tour you will be transported to Healy where you will fly back to Anchorage.

**Tour Includes:** Roundtrip Flight (40-50 Minutes Each Way) From / To Anchorage, Mt. McKinley Flightseeing On One Leg Of The Flight (Weather Dependent), Box Lunch, 6-8 Hour Shuttle Bus Tour And All Transfers Once Tour Begins.

**Daily Departures From Anchorage:** Flight Departs From Anchorage, Merrill Field, At 6:50AM – Check-In For Flight At 6:40AM, Flight Returns To Anchorage Between 7:30PM and 8:00PM.

**Note:** There is a box lunch included for your day however; there are no snacks or additional refreshments included. Transfers to and from Merrill Field are on your own.

(All of the Denali National Park information was provided by the Doyon Limited website.)

### Helicopter Glacier Landing/ Prince William Sound Tour

You will start your day by departing Anchorage for a 1-hour drive traveling along the breathtaking Turnagain Arm; famous for its unusual bore tide. This drive has been voted one of the Top Ten Most Scenic Drives in America by Conde Nast Magazine. Once in Girdwood your helicopter will take off and climb up the higher ridges, home to the sheep and mountain goats and across the most heavily glaciated area in North America. These broad snow regions are rimmed with some of the tallest peaks in this range, dropping in dramatic vertical, blue icefields into the fjords of Prince William Sound. Miles of crevasses, dotted with turquoise pools, flow into Lake George, an inland lake with calving glaciers. Flying east brings you among some of the highest peaks (up to 13,000 feet) surrounded by great expanses of glacial history in the making. At the head of Colony Glacier you drop into another realm – where great hanging ice seracs perch high above the deep fjords of Prince William Sound to the south, a fantastic blend of mountain and sea. The scenery is stunning all the way back to Girdwood.

## Glacier Jet! Twenty Mile River

Depart Anchorage via rental car for a 1-hour relaxing and beautiful drive along Turnagain Arm to join some of the friendliest folks around for the trip of a lifetime into the very heart of Alaska's remote and untouched Chugach National Forest. Travel up the Twenty Mile River corridor to the swift and steep, winding, rocky upper reaches of Glacier River and then to the towering face of the Twenty Mile Glacier itself. Feast your eyes and camera lens upon delectable scenes previously viewed only by the most skilled and venturesome of Alaska's jetboat and airboat pilots, or by those willing to charter helicopters and floatplanes. After viewing and photographing the towering glacial spires, net your own iceberg from the lake to take back to your place of lodging for a nostalgic nightcap in remembrance of your astonishing day with us on the river. If you feel like taking a break from the comfortable confines of our custom jetboat, our pilots will pull over and let you stretch your legs on top of the glacier for a few minutes before re-boarding and navigating down river and over to emerald colored spring and glacial fed settling pond Carmen Lake to view mountain goats and black bears roaming the steep alpine hillsides surrounding this Glacial Gem of the Chugach.

**Tour Includes:** 2-Hour Jetboat Experience And Logistics Staff Coordination.

**Daily Departures From Girdwood:** Tour Departs At 8:00AM, 10:00AM And 5:00PM Daily. Transfers To And From Portage Are Not Included.

### All Terrain Vehicle (ATV) Adventure

Depart Anchorage for a 35-minute drive to Bird Creek where your adventure will begin. You will pick out your 4-wheeler and then get geared up for the ride of your life. This is not your typical trail ride. From the trailhead you will immediately enter the forest on a path made for 4-wheelers. You may cross streams, mud puddles and bridges while you are kicking up dust along the Bird Creek Trail. Your guided 4-wheeler excursion will take you through a maze of trails winding through temperate rainforest while keeping an eye out for sign of wildlife. You'll take a short hike to an overlook with spectacular views of Turnagain Arm and the surrounding mountainsides. Keep your eyes open; wildlife is prevalent along this trail. You'll have so much fun with this tour that you'll want to do it again!

**Tour Includes:** 3-Hour Guided 4-Wheeler Tour, Helmets, Rain Gear, And Logistics Staff Coordination. **There Is A 3 Person Minimum Requirement To Operate This Tour.**

### Girdwood /Portage Tour

Spend your day enjoying the Girdwood and Portage Valleys with an experienced Alaskan guide. You will travel along the breathtaking Turnagain Arm, famous for its unusual bore tide. This drive has been voted one of the Top Ten Most Scenic Drives in America by Conde Nast Magazine. Watch for eagles, Dall sheep and moose. You'll visit Portage where the 1964 earthquake caused the land to drop between 6 and 12 feet along the Turnagain Arm. High tides flooded the area, forcing the estimated 50 to 100 residents of Portage to move. Rustic old buildings and Ghost Forests are visible signs of remains by the invading saltwater. You will explore Alaska Wildlife Conservation Center; Alaska's only drive-through wildlife viewing exhibit. This will be your opportunity to capture a glimpse of reindeer, buffalo, elk, musk ox, moose, eagles, or a Sitka blacktail deer. Then you will head to Alyeska Prince Resort where you will have the opportunity to ride the tram to the top of Mt. Alyeska for the tram/lunch combo.

#### **Option #1**

**Tour Includes:** Narrated Tour, Transfers, Admission Fees To Alaska Wildlife Conservation Center, Alyeska Tram/Lunch Combo Ticket.

## Portage Glacier Cruise

Depart Anchorage for a 1-hour drive along the breathtaking Turnagain Arm; famous for its unusual bore tide. This drive has been voted one of the Top Ten Most Scenic Drives in America by Conde Nast Traveler magazine. Watch for eagles, Dall sheep, moose and perhaps some Beluga Whales feeding on Hooligan. Spend your afternoon enjoying the Portage Valley and a Portage Glacier Cruise. First you'll visit Portage where the 1964 earthquake caused the land to drop between 6 and 12 feet along the Turnagain Arm. High tides flooded the area, forcing the estimated 50 to 100 residents of Portage to move. Rustic old buildings and Ghost Forests are visible signs of remains by the invading saltwater. You will then travel down Portage Glacier Road into Portage Valley. Glaciers from an earlier period carved the steep mountain slopes in this magnificent valley. Explorer Glacier can be seen high on the mountain, and a stop will be made to take pictures. Once in the valley you will get to visit Begich Boggs Visitor Center to see the glaciology exhibits, and enjoy a 20-minute film, "Voices of the Ice". After exploring the center get ready for a Glacier Cruise that will take you face to face to an active fresh water calving glacier. Board the M/V Ptarmigan for an unforgettable one hour cruise across iceberg-dotted Portage Lake. Take a seat in the enclosed lounge or on the open-air observation deck. This one-hour up-close-and personal glacier cruise brings you to the face of Portage Glacier. Narrated by a forest service representative, the cruise is informative and breathtakingly beautiful. Gaze up at this ancient wall of ice and witness it "calving," or sloughing off icebergs with its movements. This fabulous tour will leave you with many memories and photos to take back to share with your relatives and friends!

## Real Alaska Tour

Depart Anchorage for a 3-hour drive to Seward. Or step aboard the Historic Alaska Railroad for a 4½-hour train ride to Seward. You'll travel along the breathtaking Turnagain Arm, famous for its unusual bore tide. This drive has been voted one of the Top Ten Most Scenic Drives in America by Conde Nast Magazine. Watch for eagles, Dall sheep, Beluga whales and moose. You'll pass through Portage, which was devastated by the 1964 earthquake. This earthquake caused the land to drop between 6 and 12 feet along the Turnagain Arm. Saltwater and high tides flooded this area, forcing the estimated 50 to 100 residents of Portage to relocate. Rustic old buildings and Ghost Forests stand in silent testimony to the power of the quake. If you decide to take the train you will also get to view Bartlett Glacier, which is visible just 800 feet away from the tracks. Once you have arrived in Seward, you will encounter an unforgettable SLED DOG EXPERIENCE at a local Iditarod musher's summer training site. Here you will enter the world of sled dogs, and experience the wonders of dog mushing in comfort and style. Step aboard a custom wheeled sled where your tour guides (several of which are Junior Iditarod mushers) provide lively narration of trail lore and experiences of the historic Iditarod Trail. Afterwards pose for photos in a genuine dog sled with dogs or holding adorable husky puppies! Your next venture finds you at Exit Glacier, the only glacier in Kenai Fjords National Park that is accessible by road. With only a short walk, you can stand right next to the glacier. Take a self-guided tour through the Alaska SeaLife Center, a multi-million dollar marine and viewing facility. This world-class marine research facility allows you to watch, touch and learn about the various marine wildlife in this area. You may also get a chance to interact with the scientists. Complete your day by eating lunch at one of the many restaurants available downtown, and exploring the unique gift shops of Seward. Afterwards board the train for your relaxing trip back to Anchorage. If you drove you will head back to Girdwood making a quick stop in Portage. This is where you will have the opportunity to explore Alaska Wildlife Conservation Center; Alaska's only drive-through wildlife viewing exhibit. You will get an opportunity to capture a glimpse of a grizzly bear, reindeer, buffalo, elk, black bear, musk ox, moose, eagles, or a Sitka blacktail deer.

## Kenai Explorer 3 Day / 2 Night

Get ready for the trip of a lifetime! Your guide will meet you in the lobby of your Anchorage Hotel where you will board a 15 passenger van for your 2½-hour drive to Cooper Landing traveling along the breathtaking Turnagain Arm; famous for its unusual bore tide. This drive has been voted one of the Top Ten Most Scenic Drives in America by Conde Nast Magazine. Be sure to watch for eagles, Dall sheep, Beluga whales and moose. Once in Copper Landing, you will be escorted to your Kenai riverside cabin, after getting settled into your cabin you will walk over to the main lodge for dinner. For your second day you can choose from three different activities. You may want to get back to nature by taking a guided hike in Chugach National Forest or Kenai National Wildlife Refuge. Your guide will explain the native uses of the numerous plants and flowers you will see along the way. Or, you may be feeling adventurous in which case you may choose to embark a full day rafting experience that will take you down the Kenai River where you will watch for moose, salmon and bald eagles as your guide shares the stories behind the sights. If that is not on your Alaska experience radar fishing may be. You may want to use your second day to go fishing, as this option is also available to you; take a full day guided fishing excursion on the famous Kenai River for salmon or trout for an unforgettable experience with your expert guides. Whichever activity you choose for your second day you can be sure it will be filled with extraordinary memories for you to take back home with you. On the morning of day three you will head to Seward, Alaska where you will embark on an incredible boat excursion into Resurrection Bay and Kenai Fjords National Park. This 6-hour cruise will take you deep into Resurrection Bay where you will have the opportunity to view a tidewater glacier up close and personal. You may even be lucky enough to see Humpback Whales, Orcas, Sea Lions, Otters, Puffins and myriad of other sea life. Upon completion of the cruise you will be transferred to the Alaska Railroad where you will travel 4½-hours on the historic Alaska Railroad back to Anchorage.

**Exploring Seward & Portage  
2 Day / 1 Night Tour**

Depart Anchorage in your own rental car for a 3-hour drive to Seward. Or step aboard the Historic Alaska Railroad for a 4½-hour train ride to Seward. You'll travel along the breathtaking Turnagain Arm, famous for its unusual bore tide. This drive has been voted one of the Top Ten Most Scenic Drives in America by Conde Nast Magazine. Watch for eagles, Dall sheep, Beluga whales and moose. You'll pass through Portage where the 1964 earthquake caused the land to drop between 6 and 12 feet along the Turnagain Arm. High tides flooded the area, forcing the estimated 50 to 100 residents of Portage to move. Rustic old buildings and Ghost Forests are visible signs of remains by the invading saltwater. Once in Seward you'll embark on a magnificent day of cruising the spectacular fjords of Resurrection Bay and Kenai Fjords National Park. This wildlife and glacier cruise takes you through Resurrection Bay, around Aialik Cape to the very face of an active tidewater glacier. Here you will spend time watching glaciers calve giant splinters of blue ice into the ocean. Visit the Chiswell Islands, part of the Alaska Maritime National Wildlife Refuge, where thousands of colorful seabirds nest, and a small island where over 20,000 horned and tufted puffins make their nests every summer. Look for graceful humpback whales, Orcas, playful otters, and hear Stellar Sea lions bellow from rocky cliffs. At the conclusion of your cruise, enjoy dinner at various restaurants in Seward and relax at your Seward overnight accommodation. The following day you will encounter an unforgettable sled dog experience at a local Iditarod musher's summer training site. Here you will enter the world of sled dogs, and experience the wonders of dog mushing in comfort and style. Step aboard a custom wheeled sled where your tour guides (several of which are Junior Iditarod mushers) provide lively narration of trail lore and experiences of the historic Iditarod Trail. Afterwards pose for photos in a genuine dog sled with dogs or holding adorable husky puppies! Your next adventure will find you driving to the face of Exit Glacier, the only glacier in Kenai Fjords National Park that is accessible by road. With only a short walk, you can stand right next to the glacier. At your leisure you will take a self-guided tour through the Alaska SeaLife Center, a multi-million dollar marine and viewing facility.

## Fox Island Overnight Package 3 Day / 2 Night

Your 4½ -hour train ride to Seward will travel south out of Girdwood along the breathtaking Turnagain Arm. Watch for eagles, moose and Dall sheep. Travel through Portage, which was devastated by the 1964 earthquake, the old town of Portage is all but gone. Dead trees stand in silent testimony to the power of the quake, which flooded the town and dropped the surrounding land 6 to 12 feet. View Bartlett Glacier, which is visible just 800 feet away from the tracks. By late morning the train will arrive in Seward. Once there you'll embark on a 1-hour cruise over to Fox Island. Step ashore and enjoy a delicious salmon bake. Fox Island is a premier wilderness destination located 14-miles south of Seward in beautiful Resurrection Bay. Accessible only by boat, it is nestled in a scenic cove and has a magical mix of sculpted cliffs and pebbled beaches. Fox Island is home to the Kenai Fjords Wilderness Lodge. Once you have finished your lunch you can settle into your cabin, which is tucked just inside the tree line. Each has a beautiful view of the mountain rimmed bay and also a small private lake. Your afternoon is free for hiking, exploring, optional sea kayaking or just relaxing on your own. Later in the evening, dinner will be served family-style at the Kenai Fjords Wilderness Lodge. Day two starts off with breakfast at the main lodge, and then spend the rest of your day cruising. You will join the Northwestern Fjords Cruise which is a 8-9 hour cruise that will give you the absolute complete tour of Resurrection Bay. This cruise will take you into the spectacular Northwestern Fjords where you will see three amazing tidewater glaciers. Keep your eyes open for the abundant wildlife throughout this area. After your cruise enjoy a dinner on your own at any one of Seward's exceptional restaurants and then settle in for a relaxing evening at your overnight accommodation in Seward. On day three before boarding the Alaska Railroad or getting into your rental car for your return to Anchorage, take a self-guided tour through the Alaska SeaLife Center, a multi-million dollar marine and viewing facility. This world-class marine research facility allows you to watch, touch and learn about the various marine wildlife in this area. **Anchorage/Talkeetna /Anchorage  
2 Day / 1 Night Tour**

*See the south side of Denali National Park  
without the crowds!*

Depart Anchorage in your own rental car for a 2½- hour drive to Talkeetna or step aboard the Historic Alaska Railroad Train for a 4-hour train ride north to Talkeetna. Welcome aboard America's only full-service railroad, offering both freight and passenger service year-round. Construction of this 500 mile line began in 1915 and was completed in 1923. Work gangs built the railroad in sections. Their construction camps grew into section stations where crews who maintained the line lived, along with their families. Roving work crews, whose families live in towns that sprang up along the tracks, perform most of the maintenance today. In fact, nearly 70% of Alaska's population lives along the railroad corridor. You will head north through the vast land while enjoying narration from Alaska Railroad Tour Guides on the history of the railroad and points of interest along the way. Your train trip will end in Talkeetna. This "Northern Exposure" like town is filled with Alaska history and local charm. Talkeetna has long been the staging area for climbers of Mt. McKinley. This community of about 600 residents is located at the confluence of the Susitna, Chulitna and the Talkeetna Rivers, and about 60 miles from Mt. McKinley. The name "Talkeetna" means "river of plenty" in the Tanaina Indian language. In 1896 a gold rush to the Susitna River brought prospectors to the area, and it soon became a supply station for miners. By 1910, Talkeetna was established as a riverboat steamer station, and was becoming an established village. In 1915, Woodrow Wilson approved the railroad route north to Tanana River at Nenana, and Talkeetna was chosen as the site for the Alaska Engineering Commission Headquarters to build the railroad. Spend your afternoon in Talkeetna exploring the town, museums or taking an optional tour. (See tour options and prices following.) *You will overnight in Talkeetna, which is located closer to Mt. McKinley than the official Denali National Park entrance. Talkeetna offers an unsurpassed view of the largest mountain on North America.* There are several options in Talkeetna for overnight accommodations. We will book you at the location of your choice. The next day spend your morning exploring Talkeetna before boarding the Alaska Railroad for your return ride to Anchorage, or depart in your rental car.

**Three Rivers Jetboat Tour**

This jetboat trip will take you on three rivers: the Talkeetna, Chulitna, and Susitna. You will go through the Chulitna River Gorge and experience Class 2 and 3 whitewater. During the ¼-mile leisurely nature walk you will visit an authentic trappers cabin with its rustic furnishings and see how they lived in the "Bush" at the turn of the century. You will also visit a replicated native encampment. You will be served a selection of hot beverages (hot chocolate, coffee, and tea) and locally baked chocolate chip cookies. This trip includes a stop at an amazingly large uninhabited beaver lodge in which you will be able to see right inside of the lodge from below the water line. As you travel sixty miles of river you will have opportunities to view nesting bald eagles, beaver activity, and moose. You just might see black bear or grizzly bear roaming the shore. Stand in the splendor of Denali and the Alaska Range from a spectacular vantage point on the Susitna River! Naturalists will acquaint you with the wildflowers and plants that grow in abundance along the river system and you will learn about the edible plants that were used by the Native Indians for cooking and medicines. Wildlife, folklore, artifacts and a panoramic view of Denali in the Alaska Range combine to make this an unforgettable and unique Alaskan river adventure. You will also have the option to disembark at the Princess McKinley Lodge. Be sure to bring your camera to capture this amazing experience. A gold panning demonstration is included.

**Talkeetna River 2-Hour Float**

Few places in the world can equal the scale and beauty of Mt. McKinley and the Alaska Range. On this two hour narrated Talkeetna River Natural History Float Trip, you will see spectacular vistas of this magnificent scenery. Explore the lower end of the famous Talkeetna River, which is steeped in history and the Alaskan pioneering spirit. At the river's edge, you will participate in a brief safety lecture before launching and floating down six to eight miles of pristine river. The Talkeetna river is a glacier-fed waterway teeming with salmon and other wildlife. The guides are versed in describing the flora, fauna, and scenery along the way. You will look for bears, eagles, fish, beavers, moose, fox, and waterfowl during this float. In addition, you will stop to visit two active Bald Eagles' nests, see beaver dams, look for bear tracks, and float past an old miner's cabin... all before joining the Mighty Susitna River for the loop back to Talkeetna. On the Susitna River, there is a stunning view of Mt. McKinley (20,320') and the entire Alaska Range. On clear days, the view is amazing. There will be plenty of opportunities to take photos! For a small additional fee, there will be a professional photographer available to take pictures of you, the raft, and your guide – with a stunning backdrop of Mt. McKinley!

**Dog Mushing with Sundog Kennel**

Just 35-miles north of Iditarod Headquarters and the sled dog capitol of the world, Talkeetna is at the heart of the home training ground for world championship mushers and their racing teams. At their rustic home of World Champion sprint musher, Kathleen Holden and Top 20 Iditarod musher, Gerald Sousa, you will be introduced to one of these teams. Tours begin at the little log office in downtown Talkeetna, with a short narrated bus trip, describing the history of Talkeetna and sled dog racing. You will visit an authentic Alaskan log cabin, meet the dogs and see a demonstration of sled harnessing and mushing preparation. Learn about the winter training program to get these dogs ready for the Iditarod Sled Dog Race, held annually in March. You may opt for the sled dog ride on local trails through some beautiful and peaceful scenery. You may also have a chance to hold and play with future champions. By taking part in this tour you are strengthening Sundog Kennel toward being a main contender for the Iditarod Sled Dog Race.

**Happy Trails Kennel Tour**

Happy Trails Kennel is a family run operation world famous for its championship sled dogs. Located in Big Lake, Alaska and managed by husband and wife team Martin Buser and Kathy Chapoton, the kennel has garnered four Iditarod championships, the latest in 2002, along with a number of top 10 finishes. Martin Buser was born in Switzerland in 1958 and started mushing there in 1975. Martin moved to Alaska in 1979 to learn more about sled dogs and ran his first Iditarod in 1980 and again in 1981. After taking a short break from racing, Martin returned to the Iditarod in 1986 and has run every Iditarod since. Martin's first place finishes so far have been in 1992, 1994, 1997, and 2002. Martin became a US citizen in 2002 at the finish of that year's Iditarod. Martin guided each of the four Iditarod champion teams and is always a favorite for the title. In 1998 Martin was voted in to the Iditarod Hall of Fame.

### Talkeetna Optional Tours ~ Option #12

#### ARGO Adventure

Bring your family for a fun filled adventure into the Talkeetna woods aboard an 8-wheel vehicle. Starting from your pick up point you will travel by van approximately 30 minutes to your tour site while listening to the stories from a local guide of their life here in Alaska. You will twist, turn and bounce your way into the wilderness with your guide navigating. Learn about the different plants and animals. Do you know how big a bear is just by looking at his tracks? They do! So can you, so come along and learn for yourself. When in season, you will pick berries. Get ready to get muddy!

**Tour Includes:** Guided 3-Hour Tour Including Transfer Time, Helmets, Ponchos, And Logistics Staff Coordination. **There Is A 2 Person Minimum For This Tour To Operate.**

## Mat-Su Valley Driving Tour

Depart in your rental car and head for the Matanuska Valley. The area actually is two valleys shaped by two mighty rivers; the Matanuska, which flows between the Talkeetna and Chugach Mountains, and the Susitna, which flows from its headwaters in the Alaska Range. These beautiful valleys were shaped during the last Ice Age by massive glaciers etching their way through the Chugach, Talkeetna and Alaska mountain ranges. Today, ice continues to sculpt the land, leaving behind rugged valleys, silty rivers and open plateaus now covered with trees and tundra spotted with lakes.

**Independence Mine State Historic Park:** Spectacular views of glaciers, glacial rivers, lakes, and valleys are enjoyable year-round. The park features restored gold mine buildings and a visitor center. Several gold mines still operate along creeks and mountainsides in the area. Independent hiking opportunities are abundant.

**Musk Ox Farm:** A former colony farm, today it's the country's only domestic musk ox farm. Home to around 70 musk oxen, a shaggy animal that looks like a cross between a sheep and a water buffalo. Their wool, called qiviut (pronounced key-vee-ute), is knitted into hats, scarves and other items of clothing by Alaska Natives. Qiviut is warmer than sheep wool and lighter than llama yarn.

**Happy Trails Kennel Tour:** Happy Trails Kennel is a family run operation world famous for its championship sled dogs. Located in Big Lake, Alaska and managed by husband and wife team Martin Buser and Kathy Chapoton, the kennel has garnered four Iditarod championships, the latest in 2002, along with a number of top 10 finishes. Martin guided each of the four Iditarod champion teams and is always a favorite for the title. His previous wins were in 1992, 1994, and 1997. In 1998 Martin was voted in to the Iditarod Hall of Fame. Martin and Kathy have two sons, Nikolai and Rohn. Each are named after checkpoints on the Iditarod trail.

### Native Village Expedition 2 Day / 1 Night

"In the far and distant past, there was no land here at the base of the mountains. People lived near the summit of the great Mount Irriusgssuk, southeast of Kotzebue. This was the only land, which rose from the sea, and on it can still be found remnants of whales from the hunting camps of these men. This was a time when men still walked on their hands, head downwards; so long ago it was. One day the Raven, he who created the sky and earth, paddled far out to sea in his kayak, far out to sea he went, and there he saw something dark, gliding and breaching on the surface of the water. He quietly paddled out and harpooned it. The Raven thought it must be a whale, but then he saw that it was a huge dead mass without beginning or end so he fastened his towline to it, and towed it to the foot of the hills to the South. Here he made it fast and on the following day when he flew down to look at it, he saw that it was solid and had turned into land. And there among the ancient ruins of sod and whalebone houses, may still be seen a strange hole in the ground; that is the spot where the Raven harpooned (Tigara) Point Hope. And that is how this land came to be." Point Hope (Tigara) is one of the oldest archeological sites in the Americas. The mounds and ruins are still visible and even though modern times have made changes in their lives, vigorous Eskimos have held fast to their ancient traditions and customs, struggling continually to harvest food, living in close harmony with the sea and land. In addition to Bowhead whales, walrus, and several species of seals, Polar bears also follow the pack ice. A variety of wildlife allows hunting most of the year for the land supports bands of caribou, Arctic wolves, foxes, squirrels, lemmings, and 5 species of salmon in addition to trout, greyling, and whitefish. Waterfowl such as Murres, gulls, geese and ducks swarm into the Arctic in the spring, nesting in the rookeries on the sea cliffs where the Eskimos harvest eggs by hanging from ropes sometimes 400 feet above the surf below. A visit to this mystic and remote land with its friendly and hardy Eskimo people is something that will create fond and unforgettable memories that will last a lifetime. You will start your first day by departing Anchorage for a flight from Anchorage to the Eskimo Village of Point Hope. You will depart Anchorage and fly via Fairbanks to Kotzebue for a fuel stop and a short look at the Co-op where local ivory carvers and artists sell their crafts, then its on to Point Hope arriving in the early afternoon.

(Continued on Next Column)

### Native Village Expedition (cont.) 2 Day / 1 Night

Activities in and around the village include exploring and touring the old village ruins and cemetery with our Eskimo Guide. Among the ruins is an existing sod and whalebone house. Other activities include, beach combing, looking at what local artists and ivory carvers have to sell, making trips by ATV to several historical locations on the spit and keeping an eye out for snowy owls, seals, walrus, whales and brown bears. In the evenings, off the point where the Chukchi and Beaufort Seas meet, you will watch hundreds of Murres skim across the surf on their way miles out to sea to catch fish for the thousands of young, waiting in nests perched on the sheer rocky cliffs of Cape Lisbourne 35 miles to the North.

**Tour Includes:** Roundtrip Airfare Anchorage To Point Hope, ATVs, Beach Combing, ATV Historical Tours, Wildlife Viewing, Guide, Dinner On Day One, Breakfast, Lunch On Day Two, Overnight Accommodations In ATCO Trailers, Transportation In Village And Logistics Staff Coordination. **There Is A 2 Person Minimum Required In Order For This Tour To Operate.**

**Daily Departure From Anchorage:** Day One Departs From Anchorage At 6:40AM And Day Two Returns To Anchorage At 7:50PM. Flight Times Are Approximate And Are Based On Availability.

**Note:** Children must be 6 years of age or older. Guests will use what the Eskimos use for spring and summer transportation "ATVs" and you will be trained if you do not have experience with them. In the event of weather delays, meals and lodging will be extra. Guests are encouraged to be flexible and allow extra time with other air connections. **Cannot travel to or from Point Hope on Sundays.**

### Nome Overnight Adventure 2 Day / 1 Night

This two day guided round trip journey by air to Nome is your opportunity to enjoy a tour highlighting the Gold Rush heritage of historic Nome, located on the Bering Sea Coast. The City of Nome is Alaska's oldest city, incorporated on April 9, 1901. Nome is located on the south coast of the Seward Peninsula facing Norton Sound, part of the Bering Sea. The city is the commercial hub of northwestern Alaska, as well as the site for the finish of the 1049-mile Iditarod Trail Sled Dog Race from Anchorage each March. While in Nome you will have the opportunity to view a dogsled demonstration on the world-famous Iditarod Trail! During your two day adventure you will re-live Nome's Gold Rush histories as you pan for gold and keep what you find. The daylight hours in Nome make this destination an extraordinary experience The shortest day of the year is December 21st (the winter solstice) with 3 hours and 54 minutes of sunlight. The daylight increases by approximately six minutes a day until June 21st (summer solstice) when the sun is up for 21 hours and 39 minutes. Technically, the sun does set, but its close proximity to the horizon gives the appearance of 24 hours of daylight from mid-April to mid-August. Once you set foot in the Arctic your entire journey will be guided, all of the experiences described will be completed during your two day visit however, times and durations change based on the weather and the group. Once you land in Nome you will be given an orientation by your local guide and transported to your hotel for check-in. You will have free time in Nome to create your own memories and explore the surrounding village. Upon completion of your tour you will return by air to Anchorage (or Fairbanks for an additional fee).

**Tour Includes:** Round Trip Air Transportation To/From Anchorage, Nome City Tour, Overnight Accommodations, Gold Rush Tour Including Gold Panning, Sled Dog Demonstration And Logistics Staff Coordination.

**Daily Departure From Anchorage:** Day One Departs Anchorage International Airport At 9:34AM And Day Two Arrive Anchorage International Airport At 2:00PM. Flight Times Are Approximate And Are Based On Availability.

**Note:** Transfers to and from the airport are on your own. Meals are also on your own.

## Client Information For Tour Reservations

Advance reservations are recommended and are based on availability at the time of reservation and are subject to the terms as outlined within this tour signup sheet. Full payment for selected tours must be paid at the time reservations are made via check, Visa, MasterCard or American Express to confirm reservations.

**Cancellation Policy:** Cancellations made more than 20 days in advance of scheduled tour departure date will receive a full reimbursement less a \$25.00 processing fee. Tour cancellations made within 20 days of the scheduled tour departure date are non-refundable. All tours have the possibility of being canceled due to weather, acts of God or other safety conditions. If this is the case, Logistics is liable only for the funds paid to them.

**Reservation Process:** After receiving your reservation request via fax (907.276.6061) or email ([tours@logisticsllc.com](mailto:tours@logisticsllc.com)) you will be emailed or called to confirm that your request has been received. Your request for reservation will then begin to be processed. Once your reservation is complete your credit card will be charged or your check deposited. Based on time availability, your tickets and an invoice will be mailed you. You must travel with your Logistics vouchers. If you have signed up for a tour that is based on a "waitlist" your credit card or a check is required to hold your position on the list, this also insures that if the tour does reach the minimum requirement you are committed to traveling on that day with that tour. Your payment, in this case, will not be processed until the tour has met the minimum number of people required to operate. **In order to process your reservation please be sure to fax this page as well as your tour selection page(s). If you are requesting a reservation over the email be sure to include all the information requested below as well as your tour selection.**
