The WORD  47
WELCOME TO ELECTRICAL AND COMPUTER ENGINEERING

Welcome to the Department of Electrical and Computer Engineering at Carnegie Mellon University. Since offering our first course in electrical engineering in 1908, our research and teaching has expanded to cover areas as broad as device sciences and nanotechnology, computer systems, data science, energy, control, communications, and circuits. The 2019 *US News and World Report* ranked our graduate programs in electrical engineering and computer engineering 8th and 3rd in the nation, respectively, and we offer programs in Pittsburgh, Silicon Valley, Portugal, and Africa.

Our distinguished faculty work closely with students to push the boundaries of technology and to shape the future of energy systems, bio-electronics, computing, data storage, and much more.

Please don’t hesitate to contact us if you have any questions or comments.

Sincerely,

Larry Pileggi  
Tanoto Professor and Department Head  
Electrical and Computer Engineering
Core Values
The ECE Department has been a leader in both research and education for years; it is known for its innovative qualities, boldness of ideas, and unbridled enthusiasm. Our strategic plan is guided by our core values.

We value scientific truth, creativity, quality, innovation, and engineering solutions, all within a diverse and inclusive community guided by respect and joy of doing.

Our core values form the foundation for what we do; we hold them to be intrinsically true. We believe in solving problems that have large societal impact; we also believe that to be successful, we must work within an environment of enthusiasm and openness, respect and integrity, and freedom to express and explore a variety of ideas.

Vision
Our vision is our guiding light; it informs and propels us in the right direction. The strategies of following that path change over time; the vision does not.

To be a creative driving force within the university and worldwide of highest scholarly and entrepreneurial quality.

Mission
Our mission is our “what, who, how”; it explains what we do, who we do it for, and how we do it so we engage the “hearts, heads, and hands” of our faculty, students, and staff in achieving our objectives.

To inspire, educate, and produce electrical and computer engineers capable of tackling fundamental scientific problems and important societal challenges, and to do so with the highest commitment to quality, integrity, and respect for others.

We aim to be the best at what we do, to apply all our skills and knowledge to execute our vision. We educate young people to become engineers sought after by industry and academia alike; we do so in an environment imbued by enthusiasm and love for what we do, with respect and willingness to listen to each other, with freedom to express our ideas and look at challenges from different points of view. We strive to be the ECE department of choice for those who are willing to step off the beaten path, for the visionaries and dreamers.
INTRODUCTION

Graduate Degrees and Programs Offered

Master of Science in Electrical and Computer Engineering
- Pittsburgh
- Silicon Valley
- Africa

Master of Science in Software Engineering
- Silicon Valley

Doctor of Philosophy in Electrical and Computer Engineering
- Pittsburgh
- Silicon Valley
- Portugal

Graduate Student Catalog/Handbook

This catalog/handbook is intended to set guidelines and expectations for new and current Master’s students in Electrical and Computer Engineering at Carnegie Mellon University. This catalog/handbook is not exhaustive and is subject to revision at any time by the ECE department. It covers Master’s students in Pittsburgh, Silicon Valley, and Africa.

It is the responsibility of each student to read and understand the contents of this catalog/handbook.

This catalog/handbook, along with any revisions, will be posted and announced annually to the ECE website. Students with disabilities may request this catalog/handbook in other formats by contacting the Graduate Affairs Office.

CARNEGIE MELLON POLICIES, EXPECTATIONS, STATEMENT OF ASSURANCE, AND CODE

Carnegie Mellon Policies & Expectations

It is the responsibility of each member of the Carnegie Mellon community to be familiar with university policies and guidelines. In addition to this departmental graduate student catalog the following resources are available to assist you in understanding community expectations:

- The Word/Student Catalog
- Academic Integrity Website
- University Policies Website
- Graduate Education Website
- College of Engineering Website
- Please see Appendix A for additional information about The Word and University resources.
**Carnegie Mellon Statement of Assurance**

Carnegie Mellon University does not discriminate in admission, employment, or administration of its programs or activities on the basis of race, color, national origin, sex, handicap or disability, age, sexual orientation, gender identity, religion, creed, ancestry, belief, veteran status, or genetic information. Furthermore, Carnegie Mellon University does not discriminate and is required not to discriminate in violation of federal, state, or local laws or executive orders.

Inquiries concerning the application of and compliance with this statement should be directed to the vice president for campus affairs, Carnegie Mellon University, 5000 Forbes Avenue, Pittsburgh, PA 15213, telephone 412-268-2056.

The **Statement of Assurance** can also be found online.

**Carnegie Mellon Code**

Students at Carnegie Mellon, because they are members of an academic community dedicated to the achievement of excellence, are expected to meet the highest standards of personal, ethical and moral conduct possible.

These standards require personal integrity, a commitment to honesty without compromise, as well as truth without equivocation and a willingness to place the good of the community above the good of the self. Obligations once undertaken must be met, commitments kept.

As members of the Carnegie Mellon community, individuals are expected to uphold the standards of the community in addition to holding others accountable for said standards. It is rare that the life of a student in an academic community can be so private that it will not affect the community as a whole or that the above standards do not apply.

The discovery, advancement and communication of knowledge are not possible without a commitment to these standards. Creativity cannot exist without acknowledgment of the creativity of others. New knowledge cannot be developed without credit for prior knowledge. Without the ability to trust that these principles will be observed, an academic community cannot exist.

The commitment of its faculty, staff and students to these standards contributes to the high respect in which the Carnegie Mellon degree is held. Students must not destroy that respect by their failure to meet these standards. Students who cannot meet them should voluntarily withdraw from the university.

The **Carnegie Mellon Code** can also be found online.

**Carnegie Mellon Child Protection Requirements**

Carnegie Mellon is committed to providing a safe and secure environment for all minors involved in any programs or activities conducted on university premises, as well as any off-campus programs or activities sponsored by the university. Details are available through Leonard Gelfand Center **Child Protection Operations**.
If you have questions regarding Act 153 or encounter a situation when you would need to have the clearances, please contact Meighan Harding at meighan.harding@ece.cmu.edu.

DEPARTMENTAL INFORMATION

University Personnel

Throughout your time in the MS program, you will encounter a variety of faculty and staff who will help you on your way to completing your degree. You may view a list of faculty and a list of staff affiliated with ECE online. Below is a list of faculty and staff whom you are likely to encounter during your time in the MS program.

- Dean of the College of Engineering: Professor Jonathan Cagan
- Associate Dean of Graduate and Faculty Affairs: Professor Shelley Anna
- Assistant Vice Provost for Graduate Education and University Graduate Student Ombudsman: Dr. Suzie Laurich-McIntyre
- Department Head: Professor Larry Pileggi
- Executive Assistant to the Department Head & Executive Manager of Events: Kimmy Nguyen
- Director, CMU-Africa: Professor Vijayakumar Bhagavatula
- Associate Department Head for Research and Strategic Initiatives: Shawn Blanton
- Associate Department Head for Academic Affairs: Professor James A. Bain
- Senior Director of Operations: Meighan Harding
- Director of Finance and Sponsored Research: Charlotte Ambrass
- Director of Student and Academic Affairs: Leona Kass
- Director of Graduate Affairs: Tara Moe
- Advisor, Student Organizations & Activities: Bari Morchower
- MS Academic Program Advisor: Jillian McCarthy
- MS Academic Program Advisor: Nesli Oezdoganlar
- PhD Academic Program Advisor: Nathan Snizaski
- Student Services Officer, CMU-Africa: Olga Gikundiro Buki

A general list of contacts can also be found on the ECE website.

University Resources

Stellic Degree Audit

Each student has access to Stellic Degree Audit Application which includes degree planning tools can show how courses taken or registered for meet the degree requirements. Access Stellic through The Hub website at https://www.cmu.edu/es/stellic/index.html. Students should also meet with their academic advisor to review how their courses have been applied to the degree requirements.
University Resource Websites

Several pertinent university policies are included in this handbook, primarily found in the University Policies section. Complete university policies are available online at http://www.cmu.edu/policies.

Additional assistance is available in understanding community expectations, with the following resources being particularly relevant to ECE students. Information about these offices can be found in Appendix A of this handbook, or at the respective website.

- The Office of the Assistant Vice Provost for Graduate Education: www.cmu.edu/graduate. Email: grad-ed@cmu.edu
- The Office of the Dean of Student Affairs: www.cmu.edu/student-affairs/index.html
- Disability Resources: https://www.cmu.edu/disability-resources/index.html
- Eberly Center for Teaching Excellence: www.cmu.edu/teaching
- Graduate Student Assembly: http://www.cmu.edu/stugov/gsa/index.html
- Intercultural Communication Center: www.cmu.edu/icc
- Office of International Education: https://www.cmu.edu/oie/
- Counseling & Psychological Services: https://www.cmu.edu/counseling/
- Health Services: www.cmu.edu/HealthServices
- University Police: www.cmu.edu/police
- The Word: http://www.cmu.edu/student-affairs/theword
- Academic Integrity: www.cmu.edu/academic-integrity
- University Policies: www.cmu.edu/policies/

Please refer to Appendix A for additional information about each of the aforementioned resources.

University Library

Students in Pittsburgh have access to several on-campus libraries. More information about the libraries can be found on the CMU Library website: https://www.library.cmu.edu

Department Resources

Academic Advisors and Faculty Mentors

Your academic advisor is a resource for having any university paperwork signed, asking questions regarding registration or the curriculum, and guiding you to other important resources. Nesli Ozdoganlar and Jillian McCarthy are your academic advisors.

Academic advising is done through the Graduate Affairs Office located in Hamerschlag Hall 1113. The MS Academic Program Advisor administratively advises all MS ECE students throughout the entire duration of the MS program. While this advisor does not provide content-specific expertise in ECE, they help students navigate the program by tracking milestones, meeting one-on-one and in groups with students for questions related to registration or the curriculum, guiding students to other important resources, completing enrollment and university-related paperwork, and answering questions for students who may not know where else to turn.
Jillian can be reached by email: jrmccart@andrew.cmu.edu, by phone: (412) 268-3077, or in person in 1113 Hamerschlag Hall. To guarantee availability, you are encouraged to schedule an appointment with her by accessing her calendar in the signature block of her e-mail. Jillian advises Pittsburgh based MS students Q-Z and all IMB students.

Nesli can be reached by email: neslio@andrew.cmu.edu, by phone: (412) 268-6581, or in person in 1113 Hamerschlag Hall. To guarantee availability, you are encouraged to schedule an appointment with her by accessing her calendar in the signature block of her e-mail. Nesli advises Pittsburgh based MS students A-P and Porto MS/MBA students.

Olga can be reached by email: gbuki@andrew.cmu.edu, by phone 250-784644833 or in person on the CMU Africa campus 4th floor Telecom House. Olga advises CMU-Africa based MS students.

Students will also be assigned a faculty mentor during the first two weeks of classes. A faculty mentor is a resource for questions related to specific content knowledge about ECE. They can also offer advice regarding future career and courses students may want to take to prepare. Whenever possible, faculty are matched to students based the area of interest indicated on the ECE application. Students are encouraged to connect with their faculty mentor once assigned.

**Graduate Studies Committee (GSC)**

The Graduate Studies Committee is a committee consisting of ECE faculty and ex-officio administrators from the Graduate Affairs Office. The Graduate Studies Committee meets throughout the academic year to address student petitions, discuss program policies, and to approve and assign qualifying exams.

The GSC Chair for the 2019-2020 academic year is Professor L.R. Carley. Please ask your academic advisor when this semester’s GSC meetings take place.

**Bulletin Boards**

Bulletin boards are located throughout the department in Baker Hall, Porter Hall, Hamerschlag Hall (HH), and Roberts Hall. Bulletin boards will be cleared on a regular basis.

**Tech & Receiving**

The Tech Electronics Shop and ECE Shipping and Receiving Department is located on the Pittsburgh campus in HH 1301 and its regular business hours are 9am-5pm, Monday through Friday. The Tech Electronics Shop offers a wide variety of parts, components, tools, and supplies used throughout the ECE Labs, which are available for use to all ECE students, faculty, and staff. The ECE Shipping and Receiving Department handles all incoming and outgoing packages for the department as well as the daily US Mail delivery. The ECE Shipping and Receiving Department has a large stock of shipping materials to assist with any outgoing package needs, as well as prompt notification of package arrival and delivery if necessary

**Computer Clusters**

Computer clusters are located in HH 1303. There are several remote access compute clusters located in the ITS Cyert Hall machine room. Various research groups or principle investigators
have their own compute clusters. Access to those clusters is only available with the consent of the party who owns the cluster. There are not computer clusters available in Silicon Valley.

Printers

Printers are provided for student academic use. Andrew public printing stations are available in HH A101, A104, 1303, and 1310.

Graduate Student Lounges

The graduate student lounge is located in the top floor of Hamerschlag Hall. The Master’s student lounge is located Porter Hall B48/B54. Access to both spaces is given manually, but if you do not have access by the 3rd week of classes, please see Jessica Tomko in the Graduate Affairs Office (1113 HH).

Department Office/Building Security, Repairs and Services

Any damages, repairs, or security concerns should be reported to Alan Grupe, Facilities Manager, by emailing help@ece.cmu.edu. In an emergency, please contact University Police at 412-268-2323.

ECE Graduate Student Organizations

- **EGO** (ECE Graduate Student Organization): Organizes academic and social events throughout the academic year. Website: [https://www.archive.ece.cmu.edu/~ego/](https://www.archive.ece.cmu.edu/~ego/)
- **WinECE** (Women in ECE): Provides academic and social events to women in ECE throughout the year. Website: [https://cmuwinece.wixsite.com/winece/](https://cmuwinece.wixsite.com/winece/)
- **HKN** (Eta Kappa Nu): The honor society for Electrical and Computer Engineering students. Members engage in community service, professional engagement, and social activities. PhD students are invited by the board of HKN to join based on academic performance. Website: [https://www.ieee.org/education/hkn-index.html](https://www.ieee.org/education/hkn-index.html)
- **ECE Outreach**: A student organization that provides middle and high school students opportunities to learn about engineering and figure out whether it’s a good career choice for them. The organization is run by ECE undergraduate and graduate student volunteers. Website: [http://eceoutreach.ece.cmu.edu/index.html](http://eceoutreach.ece.cmu.edu/index.html)

For more information on graduate student organizations and opportunities for future involvement in the ECE department, please contact Bari Morchower.

Press & Media Relations

ECE’s Assistant Director of Communications is the point-of-contact between news media and the ECE, including faculty, students, and staff.

If any student, staff or faculty member of ECE is contacted by a media representative, they are required to immediately inform either the Communication Manager and/or the Director of Operations. Members of the ECE community are not required to answer any questions from the media without first seeking information from ECE’s Communication Manager and/or the Director of Operations.
Persons interested in publicizing a program, project, event, or other activity affiliated within ECE should contact the Communications Manager Krista Burns who can provide guidance on internal and external communications.

Electrical & Computer Engineering Brand & Logos

The Information Technology Services (ITS) website contains information regarding the department’s branding and identity standards. [https://userguide.its.cit.cmu.edu/services/ece-graphics/](https://userguide.its.cit.cmu.edu/services/ece-graphics/)

PRE-MATRICULATION

Admissions Policies

For information about ECE’s admission policies, including application requirements, application deadlines, and a link to apply, please visit these webpages:

- [https://www.ece.cmu.edu/admissions/graduate-application-deadlines.html](https://www.ece.cmu.edu/admissions/graduate-application-deadlines.html)
- [https://www.ece.cmu.edu/admissions/graduate-faq.html](https://www.ece.cmu.edu/admissions/graduate-faq.html)

TOEFL Requirements and Language Proficiency

The TOEFL test is required of all international applicants whose native language is not English. Native language is defined as first language, or language spoken from birth. The TOEFL is not required if the applicant has graduated from a U.S. university, or if the applicant is a CMU student or alum.

The Admissions Committee prefers the TOEFL to the IELTS. While you are encouraged to take the TOEFL, if you are unable to do so, we look for a minimum overall score of 7 on the IELTS, with minimum sub-scores of Reading-6.5, Listening-6.5, Speaking-6, and Writing-6.

Nonnative English speakers may utilize the Intercultural Communication Center (ICC) for language support: [https://www.cmu.edu/icc/](https://www.cmu.edu/icc/).

Deferral

ECE generally does not allow admission deferrals because admission decisions are based on the current applicant pool. Therefore, students are admitted into the program for a particular semester only. If a student wishes to attend in a future semester, the student must reapply to the ECE program.

Final Undergraduate Transcripts

Applicants admitted to any ECE program must submit final official transcripts, properly sealed, upon completion of their undergraduate program from the institution conferring their degree as a condition of enrollment at Carnegie Mellon. Certificates of graduation and/or degree certificates should also be submitted if provided by the institution. Failure to provide such documents that confirm the completion of undergraduate requirements by the end of the first semester of study at Carnegie Mellon may prevent the MS degree from being certified.
Responsible Conduct of Research (RCR) Education

The Office of Research Integrity and Compliance website (https://www.cmu.edu/research-compliance/index.html) describes the university’s position on ethical research: “Carnegie Mellon University promotes the responsible conduct of research through high standards of ethics and accountability in planning, conducting and reporting research. The responsible conduct of research is demonstrated through behavior that meets generally accepted standards. These standards are set forth by state and federal regulations, institutional policies, professional codes of conduct and personal convictions.”

In support of the university’s position, ECE requires all incoming students to take the appropriate online training offered by the Collaborative Institutional Training Initiative (CITI). The CITI physical science module package is recommended rather than the module package for engineers, although both are acceptable. The courses are available via CITI through the Office of Research Integrity and Compliance website. Select Carnegie Mellon University as your participating institution when you create your account. Website: https://www.cmu.edu/research-compliance/responsible-conduct/training.html

The course(s) may take a few hours to complete but can be done over a period of time. Upon completion of the course(s), students will need to provide their certificate to the Graduate Affairs Office. Instructions on how to submit this certificate are communicated prior to the beginning of the semester.

ENROLLMENT AND REGISTRATION

Overview

After matriculating into ECE, students should create an academic plan and register for courses. Students should actively engage in their process by reviewing degree requirements on the website, connecting with their academic advisor, and conferring with a faculty mentor. Once plans are firm, students can proceed by accessing Student Information Online (SIO).

SIO is an important online tool to use during the registration process, as well as throughout graduate school. Students can access SIO here: https://www.cmu.edu/hub/sio/about.html

Within SIO, students can use the Course Planning module to view and modify their proposed schedule before registering for courses. Once a schedule is developed, it is the student’s responsibility to register for courses using their SIO. Students must be registered for every course that they plan to take for the semester, even if it is not taken for credit (e.g., audited courses).

After the first semester, a student’s assigned registration time is determined by the number of completed units and cannot be changed. If a student’s tuition balance and/or fees are greater than $0.00, the student will not be able to register until the balance is cleared.

Degree Progress and Planning

Student Responsibility

It is the sole responsibility of the student to manage the academic progression of their program. Students are expected to ensure that they are taking the necessary prerequisites and courses to
complete degree requirements on time. Students have the ability to add courses, drop courses, and select units for variable unit courses through SIO. It is the students’ responsibility to be aware of all academic deadlines, including the add deadline, the drop deadline, the pass/fail deadline, and the audit deadline. Academic deadline information can be found in the academic calendar: https://www.cmu.edu/hub/calendar/index.html

If a student is not progressing as expected or is concerned that they are unable to complete degree requirements, they are expected to seek counsel from their academic advisor.

Degree Requirements Timeframe

The duration of the ECE program is 3 full-time semesters (fall-spring-fall, or spring-fall-spring). In order to have full-time status, students must enroll in at least 36 units each semester. In order to complete program requirements, students may need to enroll in more than 36 units per semester. The maximum number of units allowed in a semester is 48 units. Students are responsible for completing their enrollment each semester via their Student Information Online (SIO) portal. Students who are not enrolled by the tenth day of class will be withdrawn from the university.

Students must be physically present and attend class at the start of the semester. If extenuating circumstances exist that prevent a student from attending class, a student must notify the academic advisor and instructors immediately. Not attending class from the start of the semester will have a detrimental effect on a student’s progress in the program. ECE will make an effort to verify all students have arrived to begin their program and will consider a student as “withdrawn from the university” if they are not here by the tenth day of class as defined by the academic calendar.

International students will be given a 16 month I-20 or DS-2019. International students must consult with CMU’s Office of International Education (OIE) for questions on extension of their visa documents or if they complete their degree requirements in less than three semesters. Please see details and relevant forms on OIE’s website under Maintaining Legal Status: https://www.cmu.edu/oie/foreign-students/maintain-legal-status/index.html

Summer Registration

Students are not required to continue their studies over the summer, as the summer semester is considered a vacation semester. However, students may choose to take courses for academic credit or pursue an internship that is relevant to their MS degree, if appropriate.

Eligible international students who are completing an internship in the United States must complete the paperwork for Curricular Practical Training (CPT). Academic and OIE advisors will provide students with information about CPT during the spring semester. For more information about internships and CPT, see the Internship section outlined in this handbook and OIE’s website on Employment Options for international students: https://www.cmu.edu/oie/foreign-students/employment.html
Full and Part-time Requirements

The MS degree program is a full-time program in which students complete 3 full-time (36 units) semesters (including summer if summer is a student’s final semester). Students who are interested and qualified may take an accelerated course load and complete the degree in 2 semesters and should consult with their academic advisor.

In extenuating circumstances, students may find that they may need to take a reduced course load. Extenuating circumstances that will be considered include medical reasons, initial academic difficulty due to problems with English language or the student being unfamiliar with U.S. teaching methods, or being placed in an improper course level. These students must submit an Authorization for a Reduced Course Load form to their academic advisor. [https://www.cmu.edu/oie/foreign-students/docs/reduced.pdf](https://www.cmu.edu/oie/foreign-students/docs/reduced.pdf)

Part-time Master’s enrollment is an option available for students in special circumstances, such as students who would like to pursue an MS degree while maintaining external employment. Note that immigration regulations do not allow Carnegie Mellon University to issue visa documents for the part-time MS program.

Statute of Limitations

ECE adheres to CIT’s policy on MS completion timelines. The CIT policy is as follows: "All units required for a Master’s degree in the College of Engineering, whether earned in residence or transferred from another institution, must be recorded on the transcript within six years of the date on which the student enrolled in the program." Former ECE students who did not fulfill graduation requirements and would like to return to complete a degree should refer to the statute of limitations in CIT’s graduate student policies for more information: [https://engineering.cmu.edu/education/academic-policies/graduate-policies/registration-grading-credit.html#statute-of-limitations-for-Master’s-degree-students](https://engineering.cmu.edu/education/academic-policies/graduate-policies/registration-grading-credit.html#statute-of-limitations-for-Master’s-degree-students)

Campus Location Change

Students enrolled in the ECE Master’s program at the Pittsburgh, Silicon Valley, or CMU-Africa locations may be eligible to request to change residence to another campus after completing one semester of full-time study. Eligibility is determined by the details included in the student’s admission offer and is explicitly stated in the admission offer letter. Due to limited space, location changes are not guaranteed and are subject to the discretion of the department. The students are responsible for all academic and financial impacts related to this change. Information about the location change process will be provided to eligible students.

International student internship eligibility will not be affected if students change location between Silicon Valley and Pittsburgh campuses. Locations changes between U.S. based campuses and CMU Africa will have implications for internship eligibility for international students. Please refer to OIE’s website for employment options and consult with your OIE advisor for additional questions: [https://www.cmu.edu/oie/foreign-students/employment.html](https://www.cmu.edu/oie/foreign-students/employment.html)
Change of Degree Program

Sometimes students begin their MS program and realize that would like to transfer to a different degree program than the one they were admitted to. When this occurs, students may have the option of applying to transfer to another MS degree program in the ECE Department (MS SE). Students must meet with their academic advisor to determine if this is possible. Information about the degree change application and process will be provided to the students at that time. All degree program change applications are reviewed by the ECE Admissions Committee and are subjected to the same admission standards as initial applications to the program. Program changes are not guaranteed. In the case where a program change will also result in a campus location change, students are subject to the same policies outlined in the Campus Location Change section in this handbook.

Please note that students are not eligible to change degree programs until after they have successfully completed 36 units at CMU, and all applications will be considered for the following semester. Students are responsible for all academic and financial impacts related to the change. Prior to changing to a new MS degree program, international students should consult with OIE.

Courses Outside of Degree Requirements

Courses that do not satisfy degree requirements include StuCo courses (98-xxx), Physical Education course (69), audited courses, and pass/fail courses. Similar to courses taken for degree requirements, students must register for these courses and the units will count towards their course load for the semester. For a complete list of course restrictions, see the ECE website: https://www.ece.cmu.edu/academics/ms-ece/requirements.html.

Double Counting Courses

ECE follows the CIT Policy on double counting courses. Students are required to notify the Graduate Affairs Office prior to declaring a degree outside of ECE as this may have repercussions for your units and coursework to date. Website: https://www.cit.cmu.edu/education/academic-policies/graduate-policies/registration-grading-credit.html#double-counting-of-course-units-for-m.s.-and-ph.d.-degrees

If a student takes the same course twice, only the course with the higher grade will be counted towards the MS ECE course requirements.

Maximum Units Allowed

No more than 120 units maximum should be taken while pursuing your degree. These units include courses taken for audit, pass/no pass, and withdrawal. Please refer to CIT policy on MS degree units for additional information: https://www.cit.cmu.edu/education/academic-policies/graduate-policies/registration-grading-credit.html#m.s.-degree-units

If it becomes clear that a student will exceed the maximum units and not be able to maintain the required 3.0 average, the student may be dropped from the MS ECE or SE program.
Maximum Units Allowed Outside CIT

Effective fall 2018, MS ECE and MS SE students at all campuses may take no more than 48 units outside the College of Engineering, even if a student has already completed all degree requirements. Please see the MS ECE Requirements page on our website for details on which students this rule affects: https://www.ece.cmu.edu/academics/ms-ece/requirements.html

MS Concentrations

Five concentrations are available for students to choose from, allowing for focused study in a specific area of ECE. Students completing one or more of these concentrations should refer to their degree as a Master of Science in Electrical and Computer Engineering with a concentration in <name of concentration>. Students satisfying the requirements for more than one concentration may acknowledge all for which they fulfill the requirements.

All concentrations require a minimum of four ECE courses distributed across categories as described below. MS ECE students are not required to complete a concentration in order to graduate.

- Cyber-Physical Systems (CPS)
- Computer Security (CSec)
- Data and Network Science (DNS)
- Wireless Systems (WS)
- Integrated Systems Design (ISD)

For a list of approved courses within each concentration and faculty points of contact for each, visit the website: https://www.ece.cmu.edu/academics/ms-ece/concentrations.html

Retaking Courses

If a student does not pass a course, they should take a different course to fulfill the requirement. If you are considering retaking a course, please see your academic advisor. Students may retake a prerequisite course in which they did not receive the minimum grade required.

All grades are recorded on the transcript and factored into the cumulative QPA. However, only the best 97 units that fulfill degree requirements are factored into the required 3.0 graduation QPA.

Auditing Courses

Auditing a course is being present in a classroom without receiving academic credit or a letter grade. An audited course will appear on a student’s transcript. Students who are present in a classroom and who are not receiving academic credit or a letter grade must audit the class to continue to attend regularly.

A student who wants to audit a course is required to:

1. Register for the course in SIO.
2. Obtain permission from the instructor and ask the instructor to sign the course audit approval form: https://www.cmu.edu/hub/docs/course-audit.pdf
3. Submit the form to their academic advisor for approval.
4. If approved, the academic advisor will send the form to the HUB for processing. Once a course audit approval form is submitted to the HUB, a letter grade (‘A’-‘R’) will not be assigned for the course and the declaration cannot be reversed. You can find the deadline for submitting this form on the academic calendar. After the deadline, students are not able to request the option to audit a course.

The extent of the student’s participation must be arranged and approved by the course instructor. Typically, auditors are expected to attend class as though they are regular class members. Those who do not attend the class regularly or prepare themselves for class will receive a blank grade. Otherwise, the student receives the grade ‘O’, indicating an audit.

The units of audited courses count toward the maximum course load units, but do not count toward the degree requirements. If an audited course is outside the College of Engineering (CIT), those units count towards the 48 units MS ECE students may take outside the CIT. Any student may audit a course. For billing, an audited course is considered the same as the traditional courses under the tuition charges. If a part-time student audits a course, he/she will be charged part-time tuition based on the per unit tuition rate for the course.

Pass/No Pass Courses

Students who want to take a course pass/fail are required to register for the course and submit the pass/no pass approval form (https://www.cmu.edu/hub/docs/pass-fail.pdf) to their academic advisor. If approved, the academic advisor will send the form to the HUB for processing.

Once a pass/no pass approval form is submitted to the HUB, a letter grade (‘A’-‘R’) will not be assigned for the course and the declaration cannot be reversed. Passing work (letter grade ‘A’-‘C’) is recorded as ‘P’ (passing grade) or ‘S’ (satisfactory) on the student’s academic record, with both grades meaning the same; work with a grade at or lower than ‘C-’ will not receive credit and will be recorded as ‘N’ (not passing grade) on the student’s academic record. No quality points will be assigned to ‘P’/’S’ or ‘N’ grades; the units of ‘P’/’S’ or ‘N’ grades will not be factored into the student’s QPA.

The units of pass/no pass courses count toward the maximum course load units, but do not count toward the degree requirements. You can find the deadline for submitting this form on the academic calendar. After the deadline, students are not able to request to pass/no pass a course.

Any student may take a course pass/no pass. For billing, the course is considered the same as traditional courses under the tuition charges. If a part-time student takes a course pass/no pass, they are charged part-time tuition based on the per unit tuition rate for the course.

Petition Process

Petitions to the GSC may include program changes or transfers, increase in units, course substitutions, and any other changes outside of the policies stated in the handbook. Petitions are approved by the GSC. Students are advised to discuss petitions with their academic advisors.

The petitions process is as follows:
1. Student completes the MS ECE GSC Petition form (https://www.ece.cmu.edu/insider/grads/forms/gsc-ms-course-approval-petition.pdf) and submits it to their academic advisor in the Graduate Affairs Office no later than 5pm EST on the Friday before the GSC meeting.

2. Academic advisor presents the petition to the GSC.

3. Students are notified of the outcome of their petition via an email from their academic advisor after the GSC has met. Generally, all GSC decisions are final.

4. Due to time constraints, some petitions may be tabled until the following GSC meeting. If this occurs, students will be notified via email.

5. Academic advisor saves a finalized version of the petition in the student’s academic file.

Course Transfer Request Policy and Process

Only one graduate-level course, or the equivalent of 12 units, can be transferred from another university as credit toward the MS degree. As a guideline, 3-credit courses from other universities equate to 9-unit CMU courses; a 4-credit course equates a 12-unit CMU course.

The course being transferred in must:

- Fulfill an ECE degree course requirement and be equivalent to a CMU course
- Be considered a graduate level course at the university where it was taken (unless requesting transfer credit for the one allowed undergraduate course)
- Have not been used to fulfill requirements for any previously earned degree

Please note that this policy is more restrictive than the CIT transfer credit policy (https://www.cit.cmu.edu/education/academic-policies/graduate-policies/registration-grading-credit.html#transfer-credit-&-special-students). A grade of ‘B’ or better must be earned for the course to be transferred. The transfer credits will appear on the student’s transcript and will not be factored into the QPA.

Transfer credit is not granted prior to admission and must be approved by the Graduate Studies Committee and CIT Dean’s Office. Courses can only be requested for transfer after the student has successfully completed 36 units of coursework at Carnegie Mellon. After matriculating to Carnegie Mellon, ECE students should consult with their academic advisor before taking a course at another university.

Transfer courses will be reviewed for academic rigor and alignment with courses offered in ECE. The course description and syllabus, learning outcomes, delivery mode, and institutional accreditation will be considered when evaluating the course for transfer.

The process for requesting to transfer a course is as follows:

1. Meet with academic advisor to discuss the course transfer.
2. Complete and collect the following mandatory documents:
   a. MS ECE GSC Petition form: https://www.ece.cmu.edu/insider/grads/forms/gsc-ms-course-approval-petition.pdf
   b. Official transcript from previous institution
c. Detailed course description/syllabus (should include grading scale, assignments required, mandatory books, and time required in class) of the course you wish to transfer

d. Letter from the previous institution’s registrar or academic advisor stating the course intended for transfer was not used towards a degree

e. E-mail endorsement from the instructor of the CMU course you believe your transfer course is most equivalent to

f. CIT Graduate Transfer Credit Request form: https://engineering.cmu.edu/_files/documents/graduate-students/grad_transfer_credit_request.pdf

3. Submit the completed packet to the academic advisor.
4. Academic advisor will present the transfer request to the CIT Dean’s office and notify the student of the result.
5. Once the petition is approved, academic advisor works with the student to complete the transfer request.

Pittsburgh Council on Higher Education (PCHE) Cross-Registration Program

Full-time Carnegie Mellon students may take subjects for credit through the Pittsburgh Council on Higher Education (PCHE). The purpose is to provide opportunities for enriched educational programs by permitting full-time paying undergraduate and graduate students to cross-register for one course at any of the ten PCHE institutions. Please refer to The HUB’s website for additional details: https://www.cmu.edu/hub/registrar/registration/cross/

Research for Credit

Students can apply up to 15 units of research credit towards their MS degree requirements by registering for the MS Research Project (18-980) course. The number of units registered for should equal the number of hours you complete each week. For example, 12 units of research means the student should complete 12 hours of research each week. Alternative accommodations should be worked out with the supervising faculty member.

Research Approval Process:

- As an ECE student, you are able to view and apply for available research projects through Student Project Tracker (SPT) (https://www.ece.cmu.edu/apps/spt/) electronically. New students gain access to the system on the first day of classes.
- View details of the research projects listed and click the “apply” button to apply.
- Your application will be reviewed by the research instructor. You will be contacted by the research instructor (or someone from their research lab) if there is an interest in your application.
- The research instructor will inform your advisor through the SPT system if your application is approved and your advisor will register you for the appropriate research units. You will be registered for 18-980 based on the units reflected in the SPT system.
- If you already have a research project set up with a faculty member, the project still needs to be created in this portal. You must apply and get accepted through the system.
If you are planning on conducting research with a non-ECE faculty member, the project must still be posted in SPT. You and/or your research instructor must find an ECE faculty member who will be a co-research instructor in the project.

Registering for Courses

Academic Calendar

ECE adheres to the official CMU academic calendar. The Heinz College and the Tepper School follow their own calendars with dates that may differ from the University’s calendar for the add, drop and pass/fail/audit deadlines. ECE students must adhere to the deadlines of the courses they are taking if the courses are in Heinz or Tepper. To see all CMU academic calendars, please visit the website: https://www.cmu.edu/hub/calendar/

Course Load

Due to the rigor of the MS ECE, students are advised to take 37 units of courses in their first semester (36 units of coursework plus 18-989 Intro to Grad Studies) and 36 units of courses each semester thereafter. However, we recognize that our student body is diverse, and that includes how each student handles their course load. While students may register for a maximum of 48 units each semester, we strongly recommend students take no more than 36 units each semester. Students unsure of whether they should take 48 units should schedule an appointment with their academic advisor to discuss their reasons for overloading and prepare a plan for handling the additional load.

Adding Courses

Students have the option of adding courses to their schedule starting at their assigned registration time until the add/drop deadline through SIO. If a student wishes to be added to a course after the add/drop deadline, the Course Add Request Form (https://www.cmu.edu/hub/docs/late-add.pdf) must be completed and signed by the course instructor. Then, the student must submit the form to their academic advisor for approval. If approved, the academic advisor will send the form to the HUB for processing.

In the event that an ECE course (18-xxx) is cross-listed with a course from another department, ECE students must register for the ECE course number.

MS ECE students may take courses in the Tepper School of Business and can register through Tepper’s system outside SIO. Tepper publishes a list of available MBA courses for non-MBA students, and in order to register, students should visit the Tepper registration site: https://www.cmu.edu/tepper/programs/mba/curriculum/mba-course-requests/carnegie-mellon-graduate-students.html

Course Locations

Courses take place in various buildings and room locations across CMU as assigned by the University Registrar’s office each academic semester. Each course location is tied to a section and has a final assignment that is linked to the final grade. It could be in the form of a final exam, final project, or research as stated in the syllabus on the first day of classes. Students should register
for sections of their courses according to their physical campus location. Please refer to the schedule of classes for a list of which classes are offered this semester.

**Dropping Courses**

Students have the option of dropping courses from their schedule starting at their assigned registration time until the add/drop deadline through SIO. When a course is dropped before the drop deadline, it does not appear on the transcript. As a courtesy to others, students should drop a course as soon as they decide not to take it. This will allow a waitlisted student to be enrolled and will limit disruptions to any team-based projects.

**Withdrawing from Courses**

Students should remove themselves from a course before the drop deadline each semester. If a student chooses to withdraw from a course after the drop deadline, they must officially withdraw from the course and should consult with their advisor to discuss the withdrawal. Withdrawals take place after the drop deadline through the course withdrawal deadline. Students must complete and submit the Course Withdrawal Request Form (https://www.cmu.edu/hub/docs/course-withdrawal.pdf) with their academic advisor in order to withdraw from a course. More information on withdrawal grades can be found on the CMU policy website under the grading policy (https://www.cmu.edu/policies/student-and-student-life/grading.html). Withdrawals receive a “W” grade for the course on a transcript which is not factored into the QPA. However, withdrawn courses do count towards the maximum 120 units and, if they are outside the College of Engineering (CIT), towards the 48 units students may take outside the CIT.

**Waitlists**

It is typical to be waitlisted from the time of registration up until the tenth day of class. This is common practice across the university to ensure that students have the opportunity to take the courses they need to graduate. You should only attend courses for which you are waitlisted if you have permission from the instructor. Students may only be waitlisted for a maximum of 5 courses.

As a courtesy, students should remove themselves from the waitlist and/or drop a course in a timely fashion so as to allow other students the opportunity to be removed from the waitlist and enrolled in a course.

Students should check their schedules frequently on SIO as they may be enrolled from a waitlist without being notified. In addition, during the registration process, the Registrar’s Office will require students to “tag up” on their waitlists in order to confirm the desire to remain on the waitlist for a course. Failure to confirm their waitlists will result in being dropped from the waitlist.

It is strongly recommended that students have a back-up plan in case they are not removed from a waitlist by the tenth day of class.
Remote Courses

CMU offers courses that are taught exclusively online, and some have a live recitation component. ECE refers to them as “Technology Enhanced” courses and can be identified by the section code that includes “T”. Departments with online courses may list their technology enhanced courses in a different format, so be sure to check with the instructor if it is unclear whether a course is online. International students on a US residential campus (Pittsburgh, Silicon Valley) may take a maximum of one online course per semester that does not have a required in-person component, per F1 regulations.

Courses with Time Conflicts

Students are not permitted to register for 2 courses that overlap. Registration may be possible with consent from an instructor, allowing the conflict or attendance at an alternate time. Students should forward permissions from instructors to their academic advisor in order to register for conflicting courses.

Prerequisites

While SIO may allow you to register for courses without the published prerequisite, it is the student’s responsibility to have adequate background knowledge to be successful in the subsequent course. This background knowledge may come in the form of an introductory course taken at Carnegie Mellon, your undergraduate institution, or other work or research experience. You should consult with the instructor because it is up to their discretion whether or not a prerequisite course can be waived.

For ECE courses that require 18-613/15-213/15-513/18-213 as a prerequisite, students will not be permitted to enroll in the subsequent course without credit for 18-613/15-513. 18-613 and 15-513 are the only courses available to graduate students that satisfy the prerequisite requirement. Students attending Pittsburgh campus can plan to take 15-513 in the summer prior to their matriculation in the fall semester. Tuition will apply at a per unit rate.

Some of the graduate courses that require 18-613/15-213/15-513/18-213 anywhere in their prerequisite tree include:

- 18-648 – Embedded Real-Time Systems
- 18-649 – Distributed Embedded Systems
- 18-656 – Data Intensive Workflow Development for Software Engineers
- 18-725 – Advanced Digital Integrated Circuit Design
- 18-740 – Computer Architecture
- 18-742 – Parallel Computer Architecture
- 18-745 – Rapid Prototyping of Computer Systems
- 18-746 – Advanced Storage Systems
- 18-748 – Wireless Sensor Networks
- 18-756 – Packet Switching and Computer Networks
- 18-759 – Wireless Networks
- 18-842 – Distributed Systems
Final Exams

All ECE students must attend final exams as scheduled by the university and individual course instructors. If a student believes that a final exam presents a scheduling conflict, they must discuss the issue with the course instructor. The ECE administration does not have control over the university exam schedule. Please keep this in mind when arranging travel at the end of a semester; having purchased airline tickets is not a proper excuse for missing a final exam. Please refer to Carnegie Mellon University Policies on Examinations for additional information: https://www.cmu.edu/policies/student-and-student-life/examination-policies.html

Research Assistant & Teaching Assistant Positions

Research for Assistant for Credit

See the Research for Credit section for more information about receiving academic credit for research.

Research for Assistant for Pay

Students are permitted to pursue research opportunities for pay in any department. Students should contact faculty members individually to inquire about opportunities available and provide information on their background. The supervising faculty can provide further information about payroll procedures.

Teaching Assistant Positions

There are several levels of teaching assistant opportunities available for ECE students. For complete information please visit the Teaching Opportunities website: https://www.ece.cmu.edu/insider/teaching-opportunities.html

Evaluation and Certification of English Fluency for Instructors

Graduate students are required to have a certain level of fluency in English before they can instruct in Pennsylvania, as required by the English Fluency in Higher Education Act of 1990. For more information about requirements, see Evaluation & Certification of English Fluency for Instructors in the University Policies of this handbook.

Enrollment Verifications

The Hub is the primary contact for students or alumni who would like to request a transcript, enrollment verification, or other information related to their time in ECE. Please see their website for more information: https://www.cmu.edu/hub/registrar/student-records/verifications/

ECE may verify some limited information in the form of a letter, which may be suitable for some purposes, such as the verification of skills students acquired through the ECE programs. Please contact your academic advisor for more information. Please note that the ECE department is only able to verify information on ECE (18-xxx) and Computer Science (15-xxx) courses. Information
on courses offered in other departments can only be verified by those departments. To obtain a verification, the student or alumni should contact the Graduate Affairs office.

**Leave of Absence**

Occasionally, students must pause their degree program due to personal, professional, or academic reasons. A student who is considering a leave of absence should speak to their academic advisor prior to taking a leave of absence in order to ensure their understanding of the leave of absence policy and its ramifications.

Leaves of absences are capped at 2 calendar years total throughout the MS program. In extreme cases, a student may request additional leave time via a petition to the GSC. If they do not return within two academic years, they will be administratively withdrawn from the graduate program. IMB students who have declared their graduate degree but left CMU after completing their BS degree before having graduate status must also abide by this policy. Anyone who is intending to return to the program outside of the 2-year leave (including CMU graduates with ECE BS degrees who have not declared their IMB prior to graduation) must reapply to the graduate program.

Once a student decides to take a leave of absence, they should complete the Leave of Absence form ([https://www.cmu.edu/hub/docs/loa.pdf](https://www.cmu.edu/hub/docs/loa.pdf)) and bring it to their academic advisor for additional processing.

**Returning from a Leave of Absence**

A student intending to return from leave must submit the Petition to Return from Leave of Absence form ([https://www.cmu.edu/hub/docs/return-loa.pdf](https://www.cmu.edu/hub/docs/return-loa.pdf)) to their academic advisor at least 30 days prior to the start of the semester in which they plan to return. A student’s return must coincide with the start of a new semester (fall, spring, or summer). Students cannot return from a leave of absence in mid-semester, with the exception of summers.

Per the university policy on student leaves, “Students on leave are not permitted to live in university housing, attend classes or maintain employment as students at Carnegie Mellon while their leave is in effect” ([https://www.cmu.edu/policies/student-and-student-life/student-leave.html](https://www.cmu.edu/policies/student-and-student-life/student-leave.html)).

More information about the University’s Leave of Absence and Withdrawal policies can be found in the University Policies section of this handbook.

**Degree Certification Process & Commencement**

A student must satisfy all degree requirements and achieve a minimum of 3.0 QPA in the courses applied towards the required 97 units to be eligible for degree certification. In addition, students must have provided a final copy of their undergraduate transcript(s) and must have a tuition balance of $0.00 to receive a diploma.

Carnegie Mellon commencement only occurs at the end of spring semester. ECE holds a diploma ceremony at the end of spring semester as well. Students who are certified in the summer or fall semesters are invited to attend the next commencement ceremony. Spring graduates are invited to the spring commencement ceremony.
Before graduation, students should update their contact information, such as mailing address and e-mail address, within SIO. Also, students should review a proxy of their diploma in SIO to verify the information displayed there, such as the spelling of their name.

The title of the degree students receive is Master of Science in Electrical and Computer Engineering.

**ACADEMIC STANDARDS**

**Grades**

**University Policy on Grades**

The university policy on grading offers details concerning university grading principles for students taking courses and covers the specifics of assigning and changing grades, grading options, drop/withdrawals and course repeats. It also defines the undergraduate and graduate grading standards. See the full policy here: [https://www.cmu.edu/policies/student-and-student-life/grading.html](https://www.cmu.edu/policies/student-and-student-life/grading.html)

**CIT Grading Policy**

ECE follows the CIT letter grade scale. The letter grade scale is ‘A’ (highest for CIT students), ‘A-’, ‘B+’, ‘B’, ‘B-’, ‘C+’, ‘C’, ‘C-’, ‘D+’, ‘D’, and ‘R’ (lowest). CIT students cannot receive an ‘A+’ grade on their transcript, even if a course is taken from another college where ‘A+’ is given. Grades lower than ‘C’, meaning C- or below, are considered failure in CIT and will not count toward degree requirements. For more information, please see CIT’s website: [https://engineering.cmu.edu/education/academic-policies/graduate-policies/registration-credit.html](https://engineering.cmu.edu/education/academic-policies/graduate-policies/registration-credit.html)

**Incomplete Grade**

Incomplete grades will be assigned at the discretion of the course instructor, per the university grading policy: [https://www.cmu.edu/policies/student-and-student-life/grading.html](https://www.cmu.edu/policies/student-and-student-life/grading.html)

**Withdrawal Grade/Withdrawing from Courses**

Students can withdraw from a course after the add/drop deadline until the course withdrawal deadline. This will result in a ‘W’ on the transcript, which is not factored into the QPA. To withdraw, the course withdrawal request form ([https://www.cmu.edu/hub/docs/course-withdrawal.pdf](https://www.cmu.edu/hub/docs/course-withdrawal.pdf)) must be completed and submitted to the academic advisor for approval. If approved, the academic advisor will send the form to the HUB for processing.

**Academic Performance**

**Quality Point Average**

In order to graduate, each student must have a Quality Point Average (QPA) of at least 3.0 in the courses being used towards the required 97 units. Coursework or graduate project units with a grade lower than ‘C’ will not be considered toward graduate degree requirements. However, they will be calculated into the student’s cumulative QPA.
Academic Probation

In the event that a student’s semester or cumulative QPA falls below a 3.0, that student is on academic probation and will receive a letter from the department alerting them. While on probation, students must meet with their academic advisor and comply with their recommendations. Once a student’s semester and cumulative QPA increase above 3.0, the student is automatically removed from probation.

Academic Integrity

Students at Carnegie Mellon are engaged in preparation for professional activity of the highest standards. Each profession constrains its members with both ethical responsibilities and disciplinary limits. To assure the validity of the learning experience a university establishes clear standards for student work.

In any presentation, creative, artistic, or research, it is the ethical responsibility of each student to identify the conceptual sources of the work submitted. Failure to do so is dishonest and is the basis for a charge of cheating or plagiarism, which is subject to disciplinary action.

ECE adheres to Carnegie Mellon’s policy on academic integrity and all students are expected to review the policies prior to their arrival at CMU. ECE also adheres to CIT’s policy on graduate student academic integrity violations.

Instructors are responsible for defining academic integrity for students in their courses, including student performance expectations and attendance requirements. Students are responsible for understanding and abiding by the instructor’s academic integrity policies. Policies may vary from instructor to instructor and students should seek further guidance from a faculty member if they have specific questions about a course’s academic integrity policy.

Penalties for Violating Academic Integrity

Should an instructor believe that an academic integrity violation has occurred, they may consult with the Office of the Dean of Student Affairs, who will assist the faculty member in handling a possible academic integrity violation and, if a student is found responsible for violating academic integrity policies, determining possible sanctions. In accordance with the university’s policy, a student who violates the academic integrity policy will not be permitted to drop the course in which the offense occurred in order to avoid penalty. If the student attempts to drop the course, they will be reenrolled.

Multiple academic integrity violations may result in a student’s dismissal from the MS ECE program. Students have the right to appeal an academic integrity decision.

Disciplinary Probation

Students who have committed an academic integrity violation are placed on disciplinary probation within the department for the remainder of their academic program. While on probation, students are allowed to continue with the program but must meet with their academic advisor.
MS DEGREE REQUIREMENTS

This section outlines the degree requirements for the Master’s of Science in Electrical & Computer Engineering in Pittsburgh and CMU-Africa. ECE course list and course descriptions are available on the ECE course website: https://courses.ece.cmu.edu.

MS in Electrical & Computer Engineering

For students entering the program Fall 2018 or later:

Each MS ECE candidate must complete 97 units (1 unit = 1 hour of work) of coursework. All incoming MS ECE students must take the one-unit Introduction to Graduate Studies course (18-989) in their first semester. Please see the MS ECE Course Requirements page for more details on which students must take 18-989. The remaining 96 units will be comprised of the degree requirements (A and B) below.

For students entering the program Spring 2018 or earlier:

Each student must complete 96 units (1 unit = 1 hour of work) of coursework, consisting of sections A and B below.

ECE Core Graduate Coursework: 60 units

The ECE program requires 60 units of core coursework that may not be waived or substituted. These courses should be in the ECE Department (18) at the 600-level or above. Additionally, courses in the Computer Science Department at the 700 level or above can be counted. For exceptions to the rule and pre-approved courses from other departments, please visit the MS ECE Course Requirements webpage: http://www.ece.cmu.edu/programs-admissions/masters/ms-requirements.html

Electives: 36 units

Students have the opportunity to pursue a wide range of electives in which they have a special interest. Approved electives can be comprised of courses approved for core and those listed below.

Restricted Electives: 24 units

Restricted elective courses are courses which must be from approved departments and at the graduate level. For a list of approved departments and exceptions to the rule, please visit the MS ECE Course Requirements webpage.

Less-Restricted Elective: 12 units

Less-restricted elective courses are graduate or undergraduate level (must be xx-300 or greater) courses that may include courses from the same colleges, departments and programs listed in sections A and B1 above. Less-restricted electives may count for up to 12 units of the 36 units of electives. Courses numbered as xx-299 or lower will not be counted toward the MS degree.
Three units of internship (18-994 Internship for Electrical and Computer Engineering Graduate Students) or professional development (39-699 CIT Professional Development Course) coursework may also count towards the Less-Restricted Elective.

**MS Concentrations**

In addition to meeting the degree requirements, students may also declare a concentration. For more information about the available concentrations, see the section on MS Concentrations.

**Integrated Master’s/Bachelor’s Program**

As students who are in the IMB program are pursuing the same degree as those in our professional Master’s program, they are required to adhere to the same requirements as other Professional MS students. This includes MS degree requirements, university policies, and CIT policies.

**Course Restrictions**

Courses where more than 50% of the course grade is based on a group project or more than 20% is based on attendance cannot be used towards the required 97 units for any MS program in the department of Electrical and Computer Engineering. Mini courses worth 12 units cannot be used towards the required 97 units. Students are responsible for checking the syllabi for classes to ensure their courses meet these requirements. For a complete list of all course restrictions, please visit our website: [http://www.ece.cmu.edu/programs-admissions/masters/ms-requirements.html](http://www.ece.cmu.edu/programs-admissions/masters/ms-requirements.html)

For restrictions on the number of units taken outside the College of Engineering, see the section on Maximum Units Allowed Outside CIT.

**Internship Course Option**

ECE students may wish to participate in paid internships at off-campus organizations during the summer months.

ECE will enroll all students who are pursuing an internship for a 3-unit credit bearing internship course (18-994 Internship for Electrical and Computer Engineering Graduate Students), which can be taken once throughout the student’s MS ECE degree program of study, and is offered only during the summer. This internship will appear on a student’s transcript and tuition will charged for 3 units. Please see details for CIT cost of attendance on HUB’s website. The work for the internship must be appropriate to the goals of the academic program and units can be applied to the less restricted elective requirement.

Eligible international students who are interested in pursuing off-campus internships must meet with departmental and OIE representatives. For additional information, please refer to OIE’s website on Employment Options for international students. Academic and OIE advisors will provide students with information about CPT during the spring semester.
POST-MATRICULATION GUIDELINES

Return of University Property

ECE students must return all borrowed ECE and university materials—such as software, manuals, library books/materials, or any other Carnegie Mellon University property—prior to their departure from the program.

Career Services Employment Outcomes

ECE students are asked to complete and return a survey for Career Services updating CMU on their employment outcomes after graduation. Information about the survey is communicated in the students’ final semester.

“Grandfather” Clause

When policies are changed, it is because the department believes the new rules offer an improvement; any such changes will be communicated to students. In case degree requirements are changed and certain courses are no longer offered, the department will try to find some compromise that allows those students to satisfy the original requirements.

TUITION AND FEES

As indicated in your admission offer letter, ECE does not offer financial assistance for our Master’s students. Unless otherwise arranged and approved in advance, ECE students are full-time and will be charged full-time CIT tuition. Total charges for a period of attendance and estimated schedule of total charges for entire educational program can be found at the following website: https://www.cmu.edu/sfs/tuition/graduate/cit.html

Tuition Billing & Payments

The tuition rate for students entering ECE programs is set in the spring for the class entering in the following fall semester. Tuition for a student’s second fall semester will likely increase in accordance with the tuition increase for the new academic year. The tuition will increase approximately 3% per year.

Students will be charged tuition per semester for each semester in which they are enrolled. Summer courses, if taken, are charged additional tuition. The tuition billing and payment process for all ECE students is handled centrally by The HUB. For university billing and payment policies, please refer to The HUB’s Billing and Payments website.

Part-Time Students

Part-time students will be charged tuition at the per unit rate. Arranging to pay per unit is a convenience and not intended to reduce the overall costs of the program. Be sure that if you intend to be enrolled as a part-time student, your schedule reflects this by the tenth day of classes.

If you are planning to pursue part-time coursework (<36 units), if you register full-time (>35 units) at any point in that semester, you will be assessed the full-time tuition rate and no refund will be
granted. If you are pursuing part-time coursework, be sure to consult with your academic advisor before changing your course schedule.

**University Financial Aid**

Graduate Students should consult the [graduate student financial aid information](#). Students will find the Graduate Financial Aid Guide, information about funding options, how to apply for financial aid and other helpful links.

Graduate students who find themselves in need of immediate funds for emergency situation should contact the Office of the Dean of Student Affairs to inquire about an Emergency Situation Loan.

**Student Financial Obligation**

ECE students are subject to and must be aware of the Carnegie Mellon [policy regarding student financial obligation](#).

**CAREER SERVICES**

The [Career and Professional Development Services Center](#) (CPDC) serves to provide students with guidance during their job and internship searches. The services available to students include resume reviews, mock interviewing, salary negotiation, career exploration consultation, internship and job consultation, workshops/events and employer relations. The CPDC is also heavily involved in organizing campus-wide job fairs and bringing employers to campus.

Handshake is Carnegie Mellon’s online recruiting system. Through Handshake, employers can request accounts to post jobs, request interviews and information sessions, and review student resumes. Students and alumni can apply to positions, sign up for interviews and find contact information for thousands of recruiters. Handshake can be accessed through the CPDC website.

**Career Consultants**

ECE has an assigned career consultant who provide guidance through one-on-one appointments. Students in Pittsburgh can meet with Marcie Foy. Appointments with Marcie can be made through Handshake. She will also hold open office hours, which will be communicated at the beginning of each semester.

**Job Search Guidelines**

ECE strives to play a supportive role in the career pursuits of students, but maintains academics as a priority. It is not acceptable for students to skip classes or assignments in order to attend job interviews. Students should conduct job searched in a manner that does not impede the academic progress through their graduate program.

It is also important for students to understand how to conduct a job search. When applying for jobs, students are expected to exhibit certain ethical behavior, such as arriving on time for interviews, being truthful about their qualifications, and to honor their agreements with recruiters. Further, students should not continue looking and interviewing for a position after they have accepted an offer.
The CPDC reserves the right to limit access for any users that do not follow their ethical job/internship search policy. Students who do not follow such guidelines may forfeit their on-campus interviewing and/or resume submission privileges.

CMU First Destination Outcomes

Post-Graduation Salaries and Destination Information can be found at the following link:

UNIVERSITY POLICIES

Academic Integrity

Students at Carnegie Mellon are engaged in intellectual activity consistent with the highest standards of the academy. The relationship between students and instructors and their shared commitment to overarching standards of respect, honor and transparency determine the integrity of our community of scholars. The actions of our students, faculty and staff are a representation of our university community and of the professional and personal communities that we lead. Therefore, a deep and abiding commitment to academic integrity is fundamental to a Carnegie Mellon education. For more information on these standards, please visit the link below: http://www.cmu.edu/policies/student-and-student-life/academic-integrity.html

Assistance for Individuals with Disabilities

Students with disabilities are encouraged to self-identify with Office of Disability Resources by contacting Catherine Getchell, 412-268-6121, to access the services available at the University. For more information, please visit the link below: http://www.cmu.edu/education-office/disability-resources/

Evaluation & Certification of English Fluency for Instructors

Graduate students are required to have a certain level of fluency in English before they can instruct in Pennsylvania, as required by the English Fluency in Higher Education Act of 1990. Teaching Assistant English Fluency is managed through the International Teaching Assistant testing process administered by CMU’s Intercultural Communication Center. For details please visit the links below:

- http://www.cmu.edu/icc/

Leave of Absence & Withdrawal Policies

“Leave of absence” means leaving the university temporarily, with the firm and stated intention to return. “Withdrawal” means leaving the university with no intention to return. Withdrawals or leaves taken on or before the university deadline to drop classes without receiving a ‘W’ (withdrawal) grade will result in all courses or grades being removed. Withdrawals or leaves
taken after the university deadline to drop classes but before the last day of classes will result in ‘W’ grades assigned to all classes. Withdrawals or leaves taken after the last day of classes will result in permanent grades assigned by the instructors for each class. After the last day of class, courses cannot be removed from a student’s transcript.

International students should consult with the Office of International Education (OIE) prior to taking a leave of absence or withdraw from their program.

Further information about Carnegie Mellon’s policy on student leave is available at the following link: http://www.cmu.edu/policies/student-and-student-life/student-leave.html

Students who would like to take a leave of absence or withdraw must complete the appropriate form at the following link: http://www.cmu.edu/hub/forms.html

Please see the Leave of Absence section of this handbook for ECE’s policy on leave of absence and withdrawals.

**Tuition Refund Policy**

If an ECE student withdraws or takes a leave of absence, the HUB will determine if a student should receive a tuition refund, as this is governed by CMU’s policies, not ECE’s.

Additional information is available at the following link: https://www.cmu.edu/sfs/tuition/adjustment/index.html

**Returning to Carnegie Mellon**

When a student plans to return to CMU after a leave of absence, he/she must complete the Petition for Return from Leave of Absence form at least one month prior to the start of the semester. We recommend doing so prior to the registration period for the upcoming semester (for Fall, April and for Spring, November). The student must also meet any conditions that were set by ECE or the university at the time of leave was granted. Further information about Carnegie Mellon’s policy on student return is available at the following link: https://www.cmu.edu/hub/docs/return-leave-info.pdf

**Retention of Student Records**

Carnegie Mellon University has an official policy on the retention of student records. Please visit this website for the University’s policy: https://www.cmu.edu/es/docs/record-retention-policy.pdf

**Safeguarding Educational Equity – Sexual Harassment and Sexual Assault Policy**

Sexual harassment and sexual assault are specifically prohibited by Carnegie Mellon University, as is retaliation for having brought forward a concern or allegation. This policy is intended to clearly identify violations of this standard, provide resources to deal with their effects, and describe detailed procedures to address complaints of sexual harassment, including sexual assault. The complete policy can be found at the following link: http://www.cmu.edu/policies/administrative-and-governance/sexual-harassment-and-sexual-assault.html
Suspension/Required Withdrawal Policy

University suspension is a forced, temporary leave from the university. A student may be suspended for academic, disciplinary, or administrative reasons. Additional information is available at the following link: http://www.cmu.edu/policies/student-and-student-life/suspension-required-withdrawal-policy.html

Withdrawal of a Degree

The university reserves the right to withdraw a degree even though it has been granted should there be discovery granted that the work which it was based or the academic records in support of it had been falsified. The complete reference to this university policy is available at: http://www.cmu.edu/policies/student-and-student-life/withdrawal-of-a-degree.html

Withdrawal from Program

Students are able to withdraw from the department at any time. Prior to withdrawing, students should discuss their decision with their faculty advisor(s) and the Graduate Affairs Office. Students will be required to fill out the Withdrawal form located on The Hub website. International students must consult with OIE prior to filing a withdrawal form as there will be visa repercussions.

University Grievances

Students are encouraged to discuss any concerns or grievances informally within ECE. If a student is not satisfied with the results of informal discussion or formal appeal at the department level, they may follow the guidelines on Graduate Student Appeal and Grievance Procedures. Students are likewise encouraged to speak directly to their graduate student’s representatives and to the president of the Graduate Student Assembly (GSA). The complete reference to this policy is available at: http://www.cmu.edu/graduate/policies/appeal-grievance-procedures.html

Student Maternity Accommodation Protocol

Female students seeking Maternity Accommodations should visit the following link from the Graduate Education’s website: http://www.cmu.edu/graduate/programs-services/maternity-accommodation-protocol.html

Verification of Employment

Carnegie Mellon University employees or former employees are required to use Employment Verification Request Form to request employment verification. Vendors, such as mortgage companies, may continue to use standard formats with a signed authorization. Details and forms are available at https://www.cmu.edu/hr/resources/hr-partners/hr-services/.
APPENDIX A - 2019-2020

Highlighted University Resources for Graduate Students and The WORD, Student Handbook

Key Offices for Graduate Student Support

Graduate Education Office
www.cmu.edu/graduate; grad-ed@cmu.edu

The Graduate Education Office provides central support for all Master’s and Doctoral students with a focus on their academic experience at Carnegie Mellon. Our goals are to support, advise and guide individual graduate students as they work to complete their degrees and to provide resources which will enhance their professional development experience.

Resources offered through the Graduate Education Office include- but are not limited to:

- Website with university resources, contact information for CMU programs and services, calendar of events related to graduate students
- Bi-monthly email to all graduate students with information on activities, resources and opportunities
- Professional Development Seminars and Workshops
- GSA/Provost Conference Funding Grants
- GSA/Provost Small Research Grants (GuSH)
- Consultations on all issues related to the graduate student experience

The Graduate Education Office is directed by Suzie Laurich-McIntyre, Ph.D., Assistant Vice Provost for Graduate Education, who offers personalized consultations with graduate students to support their academic success, connects them with relevant resources, and clarifies university level policies.

The Graduate Education Office also works with the colleges and departments by informing and assisting in forming policy and procedures relevant to graduate students and working with departments on issues related to graduate students. Additionally we partner with many other offices and organizations, such as the Graduate Student Assembly, to support our graduate students’ advancement.
Office of the Dean of Students

https://www.cmu.edu/student-affairs/dean

The Office of the Dean of Students provides central leadership of the metacurricular experience at Carnegie Mellon including the coordination of student support. Vice President of Student Affairs and Dean of Students Gina Casalegno leads the division of student affairs which includes the following offices and departments (not an exhaustive list):

- Athletics, Physical Education and Recreation
- Career and Professional Development Center (CPDC)
- Center for Student Diversity and Inclusion
- Cohon University Center
- Counseling & Psychological Services (CaPS)
- Dining Services
- Office of Community Standards and Integrity (OCSI)
- Office of Student Leadership, Involvement, and Civic Engagement (SLICE)
- University Health Services (UHS)
- Wellness Initiatives

Graduate students will find the enrollment information for Domestic Partner Registration and Maternity Accommodations in the Office of the Dean of Students or on their website. This Office also manages the Emergency Student Loan (ESLs) process. Emergency Student Loans are made available through generous gifts of alumni and friends of the university. The Emergency Student Loan is an interest-free, emergency-based loan repayable to the university within 30 days. Loans are available to enrolled students for academic supplies, medication, food or other expenses not able to be met due to unforeseeable circumstances.

The Office of Community Standards and Integrity provides consultation, support, resources and follow-up on questions and issues related to Academic Integrity: https://www.cmu.edu/student-affairs/ocsi/students/index.html

College Liaisons are senior members of the Division of Student Affairs who work with departments and colleges addressing student concerns across a wide range of issues. College Liaisons are identified on the student SIO page in the Important Contacts list.

Center for Student Diversity & Inclusion

https://www.cmu.edu/student-diversity/

Diversity and inclusion have a singular place among the values of Carnegie Mellon University. The Center for Student Diversity & Inclusion actively cultivates a strong, diverse and inclusive
community capable of living out these values and advancing research, creativity, learning and development that changes the world.

The Center offers resources to enhance an inclusive and transformative student experience in dimensions such as access, success, campus climate and intergroup dialogue. Additionally, the Center supports and connects historically underrepresented students and those who are first in their family to attend college in a setting where students’ differences and talents are appreciated and reinforced, both at the graduate and undergraduate level. Initiatives coordinated by the Center include, but are not limited to:

- First generation/first in family to attend college programs
- LGBTQ+ Initiatives
- Race and ethnically-focused programs, including Inter-University Graduate Students of Color Series (SOC) and PhD SOC Network
- Women’s empowerment programs, including Graduate Women’s Gatherings (GWGs)
- Transgender and non-binary student programs

**Assistance for Individuals with Disabilities**

http://www.cmu.edu/education-office/disability-resources/

The Office of Disability Resources at Carnegie Mellon University has a continued mission to provide physical and programmatic campus access to all events and information within the Carnegie Mellon community. We work to ensure that qualified individuals receive reasonable accommodations as guaranteed by the Americans with Disabilities Act (ADA) and Sections 503 and 504 of the Rehabilitation Act of 1973. Students who would like to receive accommodations can begin the process through Disability Resources secure online portal or email access@andrew.cmu.edu to begin the interactive accommodation process.

Students with disabilities are encouraged to self-identify with the Office of Disability Resources and request needed accommodations. Any questions about the process can be directed to Catherine Getchell, 412-268-6121, getchell@cmu.edu.

**Eberly Center for Teaching Excellence & Educational Innovation**

www.cmu.edu/teaching

We offer a wide variety of confidential, consultation services and professional development programs to support graduate students as teaching assistants or instructors of record during their time at Carnegie Mellon University and as future faculty members at other institutions. Regardless of one’s current or future teaching context and duties, our goal is to disseminate evidence-based teaching strategies in ways that are accessible and actionable. Programs and services include campus-wide Graduate Student Instructor Orientation events and our Future
Faculty Program, both of which are designed to help participants be effective and efficient in their teaching roles. The Eberly Center also assists departments in creating and conducting customized programs to meet the specific needs of their graduate student instructors. Specific information about Eberly Center support for graduate students is found at www.cmu.edu/teaching/graduatetestudentsupport/index.html.

Graduate Student Assembly
www.cmu.edu/stugov/gsa/index.html

The Graduate Student Assembly (GSA) is the branch of Carnegie Mellon Student Government that represents, and advocates for the diverse interests of all graduate students at CMU. GSA is composed of representatives from the different graduate programs and departments who want to improve the graduate student experience at the different levels of the university. GSA is funded by the Student Activities Fee from all graduate students. GSA passes legislation, allocates student activities funding, advocates for legislative action locally and in Washington D.C. on behalf of graduate student issues and needs, and otherwise acts on behalf of all graduate student interests. Our recent accomplishments are a testament to GSA making a difference, and steps to implementing the vision laid out by the strategic plan. https://www.cmu.edu/stugov/gsa/About-the-GSA/Strategic-Plan.html.

GSA offers an expanding suite of social programming on and off-campus to bring graduate students from different departments together and build a sense of community. GSA is the host of the Graduate Student Lounge on the 3rd floor of the Cohon University Center- a great place to study or meet up with friends. GSA also maintains a website of graduate student resources on and off-campus. Through GSA’s continued funding for professional development and research conferences, the GSA/Provost Conference Funding Program and GSA/Provost GuSH Research Grants are able to run, as managed by the Graduate Education Office. As we move forward, GSA will continue to rely on your feedback to improve the graduate student experience at CMU. Feel free to contact us at <gsa@cmu.edu> to get involved, stop by our office in the Cohon University Center Room 304 or become a representative for your department.

Intercultural Communication Center (ICC)
www.cmu.edu/icc/

The Intercultural Communication Center (ICC) is a support service for nonnative English speakers, both newly arrived international students as well as students who attended high school and/or undergraduate programs in the US. The ICC offers seminars, workshops, and 1-1 consultations that develop the language and cross-cultural skills needed to succeed in academic programs at Carnegie Mellon University. The ICC provides International Teaching Assistant (ITA) testing, a
required test indicating a nonnative speaking TA has the language proficiency required to work with students in classes, labs or individual meetings. The ICC also supports International Teaching Assistants in developing fluency and cultural understanding to teach successfully at Carnegie Mellon University.

Office of International Education (OIE)

http://www.cmu.edu/oie/

Carnegie Mellon hosts international graduate and undergraduate students who come from more than 90 countries. The Office of International Education (OIE) is the liaison to the University for all non-immigrant students and scholars. OIE provides many services including: advising on personal, immigration, academic, social and acculturation issues; presenting programs of interest such as international career workshops, tax workshops, and cross-cultural and immigration workshops; maintaining a resource library that includes information on cultural adjustment, international education and statistics on international students in the United States; posting pertinent information to students through email and the OIE website, and conducting orientation programs.

Veterans and Military Community

http://www.cmu.edu/veterans/

Military veterans are a vital part of the Carnegie Mellon University community. Graduate students can find information on applying for veteran education benefits, campus services, veteran’s groups at CMU, non-educational resources and international military service information through the Veterans and Military Community website. There are also links and connections to veteran resource in the Pittsburgh community. The ROTC and Veteran Affairs Coordinator can be reached at uro-vaedbenefits@andrew.cmu.edu or 412-268-8747.

Carnegie Mellon Ethics Hotline

https://www.cmu.edu/hr/resources/ethics-hotline.html

The health, safety and well-being of the university community are top priorities at Carnegie Mellon University. CMU provides a hotline that all members of the university community should use to confidentially report suspected unethical activity relating to areas below:

- Academic and Student Life
- Bias Reporting
- Environmental Health and Safety
- Financial Matters
- High-Risk Incident
• Human Resource Related
• Information Systems
• Research
• Threat of Business Interruption
• Threat of Violence or Physical Harm
• Title IX

Students, faculty and staff can anonymously file a report by calling 877-700-7050 or visiting www.reportit.net (user name: tartans; password: plaid). All submissions are reported to appropriate university personnel.

The hotline is NOT an emergency service. For emergencies, call University Police at 412-268-2323.

Policy Against Retaliation

It is the policy of Carnegie Mellon University to protect from retaliation any individual who makes a good faith report of a suspected violation of any applicable law or regulation, university Policy or procedure, any contractual obligation of the university, and any report made pursuant to the Carnegie Mellon University Code of Business Ethics and Conduct.

Additional details regarding the Policy Against Retaliation are available at https://www.cmu.edu/policies/administrative-and-governance/whistleblower.html

Key Offices for Academic & Research Support

Academic Coaching/Consulting - The Office of Academic Development

https://www.cmu.edu/acadev/coaching/index-grad.html

The Academic Coaching Program is a student assistance program that supports graduate students in the development and/or improvement of skills, strategies, and processes that are necessary for a productive and successful experience at CMU and beyond. Support for graduate students comes in two forms: Individualized Sessions and Group Workshops. Individualized Sessions are the primary focus and can be best understood as working with a personal consultant. Academic Coaches/Consultants meet with students regularly, in a one-on-one capacity, in order to assess a student’s needs and implement strategies to satisfy those needs, while providing a variety of support throughout the process. Areas of focus include, but are not limited to:

• Self-Management
  o Developing and/or adjusting your organizational system
  o Managing time and combating stress and procrastination
  o Prioritization and decision making
Advancing mindset, self-efficacy, and belongingness
Balancing coursework, research, and professional development opportunities

- Study Skills
  - Identifying and modifying your learning process
  - Metacognition
  - Test-taking and note-taking strategies
  - Content comprehension and retention

**Computing and Information Resources**

[www.cmu.edu/computing](http://www.cmu.edu/computing)

Computing Services maintains and supports computing resources for the campus community, including the campus wired and wireless networks, printing, computer labs, file storage, email and software catalog. As members of this community, we are all responsible for the security of these shared resources. Be sure to review the Safe Computing ([https://www.cmu.edu/computing/safe/](https://www.cmu.edu/computing/safe/)) section and the University Computing Policy ([https://www.cmu.edu/policies/information-technology/computing.html](https://www.cmu.edu/policies/information-technology/computing.html))

Visit the Computing Services website ([https://www.cmu.edu/computing/](https://www.cmu.edu/computing/)) to learn more. For assistance the Computing Services Help Center is available at 412-268-4357 (HELP) or it-help@cmu.edu.

**Global Communication Center**

[https://www.cmu.edu/gcc](https://www.cmu.edu/gcc)

The Global Communication Center offers free one-on-one tutoring and workshops for native and non-native English speakers from any academic discipline. Our tutors are trained to provide research-backed communication strategies on written, oral, and visual communication projects, in the sciences and the humanities. We can help you improve the effectiveness of your communication in any academic project, including the following:

- Technical reports
- Dissertations
- Research posters
- Oral presentations
- Journal articles
- Grant proposals
- Class essays

You can visit us at any stage in the project—whether you are just getting started and need to talk through ideas or are putting the finishing touches on a final draft.
We also offer workshops on topics including crafting professional emails, team communication, PowerPoint slide design, data visualization, and job application materials.

For more information, to view our resources, or to schedule an appointment, visit our website.

Research at CMU
www.cmu.edu/research/index.shtml

The primary purpose of research at the university is the advancement of knowledge in all fields in which the university is active. Research is regarded as one of the university’s major contributions to society and as an essential element in education, particularly at the graduate level and in faculty development. Research activities are governed by several university policies. Guidance and more general information is found by visiting the Research at Carnegie Mellon website.

Office of Research Integrity & Compliance
www.cmu.edu/research-compliance/index.html

The Office of Research Integrity & Compliance (ORIC) is designed to support research at Carnegie Mellon University. The staff work with researchers to ensure research is conducted with integrity and in accordance with federal and Pennsylvania regulation. ORIC assists researchers with human subject research, conflicts of interest, responsible conduct of research, export controls, and institutional animal care & use. ORIC also consults on, advises about and handles allegations of research misconduct.

Key Offices for Health, Wellness & Safety

Counseling & Psychological Services
https://www.cmu.edu/counseling/

Counseling & Psychological Services (CaPS) affords the opportunity for students to talk privately about issues that are significant for them in a safe, confidential setting. Students sometimes feel uncertain about why they are feeling upset and perhaps confused about how to deal with those feelings. An initial consultation with a CaPS therapist will clarify options and provide a recommendation to the appropriate mental health resource at Carnegie Mellon or the larger Pittsburgh community. CaPS also provides workshops and group sessions specifically for graduate students on campus. CaPS services are provided at no cost. Appointments can be made in person or by telephone, 412-268-2922.
Health Services
www.cmu.edu/HealthServices/

University Health Services (UHS) is staffed by physicians, advanced practice clinicians and registered nurses who provide general medical care, allergy injections, first aid, gynecological care and contraception as well as on-site pharmaceuticals. The CMU Student Insurance Plan covers most visit fees to see the physicians and advanced practice clinicians & nurse visits. Fees for prescription medications, laboratory tests, diagnostic procedures and referral to the emergency room or specialists are the student’s responsibility and students should review the UHS website and their insurance plan for detailed information about the university health insurance requirement and fees.

UHS also has a registered dietician and health promotion specialists on staff to assist students in addressing nutrition, drug and alcohol and other healthy lifestyle issues. In addition to providing direct health care, UHS administers the Student Health Insurance Program. The Student Health Insurance plan offers a high level of coverage in a wide network of health care providers and hospitals. Appointments can be made by visiting UHS’s website, walk-in, or by telephone, 412-268-2157.

Campus Wellness
https://www.cmu.edu/wellness/

At the university, we believe our individual and collective well-being is rooted in healthy connections to each other and to campus resources. The university provides a wide variety of wellness, mindfulness and connectedness initiatives and resources designed to help students thrive inside and outside the classroom. The BeWell@CMU e-newsletter seeks to be a comprehensive resource for CMU regarding all wellness-inspired events, announcements and professional and personal development opportunities. Sign up for the Be Well monthly newsletter via bit.ly/BeWellatCMU or by contacting the Program Director for Student Affairs Wellness Initiatives, at alusk@andrew.cmu.edu.

Religious and Spiritual Life Initiatives (RSLI)
www.cmu.edu/student-affairs/spirituality

Carnegie Mellon is committed to the holistic growth of our students, including creating opportunities for spiritual and religious practice and exploration. We have relationships with local houses of worship from various traditions and many of these groups are members of CMU’s Council of Religious Advisors. We also offer programs and initiatives that cross traditional religious boundaries in order to increase knowledge of and appreciation for the full diversity of the worldview traditions. Our RSLI staff are here to support students across the spectrum of
religious and spiritual practice and would be more than happy to help you make a connection into a community of faith during your time at CMU.

University Police

http://www.cmu.edu/police/

412-268-2323 (emergency only), 412-268-6232 (non-emergency)

The University Police Department is located at 300 South Craig Street (entrance is on Filmore Street). The department’s services include police patrols and call response, criminal investigations, fixed officer and foot officer patrols, event security, and crime prevention and education programming as well as bicycle registration. Visit the department’s website for additional information about the staff, emergency phone locations, crime prevention, lost and found, finger print services, and annual statistic reports.

Carnegie Mellon University publishes an annual campus security and fire safety report describing the university’s security, alcohol and drug, sexual assault, and fire safety policies and containing statistics about the number and type of crimes committed on the campus and the number and cause of fires in campus residence facilities during the preceding three years. Graduate students can obtain a copy by contacting the University Police Department at 412-268-6232. The annual security and fire safety report is also available online at

https://www.cmu.edu/police/annualreports/.

Shuttle and Escort Services

Parking and Transportation coordinates the Shuttle Service and Escort Service provided for CMU students, faculty, and community. The Shuttle & Escort website has full information about these services, stops, routes, tracking and schedules.

The WORD

http://www.cmu.edu/student-affairs/theword/

The WORD is Carnegie Mellon University’s student on-line handbook and is considered a supplement to the department (and sometimes college) handbook. The WORD contains campus resources and opportunities, academic policy information and resources, community standards information and resources. It is designed to provide all students with the tools, guidance, and insights to help you achieve your full potential as a member of the Carnegie Mellon community. Information about the following is included in The WORD (not an exhaustive list) and graduate students are encouraged to bookmark this site and refer to it often. University policies can also be found in full text at: http://www.cmu.edu/policies/.
